

Winter 2024 TA Job Posting for ECON 306

Please give a brief description of the course content or a link to the course outline:

From the calendar: This course introduces students to the analysis of inter-temporal trade-offs in macroeconomics and macroeconomic policy. Its main objective is to show how economists use economic theory to analyze the role of incentives and general equilibrium considerations in the macro-economy. Applications include national savings and investment, business cycles, and monetary and fiscal policy.

Any necessary knowledge or skills needed:

Please fill out this chart as closely as you can for the TA duties and hours you predict the course will be using for the entire Winter 2024 term. This will be used as an estimation only. Graduate TAs are not permitted to work more than 140 hours for the term or more than 10 hours in any given week (70 hours or 5 hours a week for a ½ TA). When thinking of the duties you might have for your TA, we ask that you be mindful of this constraint and try not to come up against it. TAs own coursework comes first. Negotiations for a reasonable amount of time for returning marked assignments, etc. will occur as needed.

Duty	Estimated Hours for the Term or N/A	Brief description of unusual or especially time-consuming features of the duty, if any
Meetings with Course Instructor	5	Discussing grading of 2 midterm exams with instructor
Class preparation		
Attending lectures		
Student consultation; office hours		
Lecturing		
Conducting tutorials		
Grading	65	Grading Midterm 1 and Midterm 2, along with problem sets throughout the term (graded for participation)
Proctoring exams		
Other duties (describe/explain)		
Totals	70
