Class days/times: Mon & Wed & Fri 2:30-3:20am

Building/room number: SJ2 1004

General Course Objective

ECON 102 introduces the student to the basic concepts of macroeconomic analysis and the ways they are applied in real world situations. We will study the determinants of a number of macroeconomic variables including inflation, unemployment, financial institutions, exchange rate, and long-term growth. We will also study macroeconomic policy responses.

Upon completion of this course, students should be able to:

- Describe the basic macroeconomic variables.
- Understand the models that determine the basic macroeconomic variables.
- Distinguish between the long run and the short run.
- Understand how the government and the central bank can influence outcomes in the economy.
- Understand current macroeconomic events.

To get the most out of the course, students are strongly encouraged to attend all lectures, and participate in class discussion. Knowledge of basic algebra is required for the course. A specific timetable indicating which topics will be discussed on a specific lecture date is provided but our progress will depend on class ability and interest in the lecture materials. For this reason, the contents of each week may change during the semester and the new version will be uploaded on LEARN when necessary.

Important Notices

Examination Policy

- The format for quizzes, midterms and the final exam will be multiple choice questions and/or written problems. The midterm tests will be written in class time. Quiz and midterm grades will be posted on Learn.
- No deferred or make-up quiz or midterm tests. If the illness can be documented with a UW Verification of Illness Form (the only acceptable document), with approval you may transfer the weight of the missed quiz or midterm to the final exam. This remedy is a privilege and not a right. Immediately upon your return, please deliver to me a **hard copy** of your medical document. Otherwise, a mark of zero will be given to the missed test. The midterm and quiz schedule is set and will not be changed for any reason.
- Late submission of exam papers is not accepted and missed submissions will receive a grade of zero for whatever reason. Exam papers must be submitted in whole and on time in the exam room. Exam papers
 - not submitted on time,
 - submitted with missing pages,
 - submitted elsewhere, with the exception of students with permission to write in the AS Office,
 - or not received at all will receive a grade of zero for whatever reason.
- It is the responsibility of students to ensure that they write exams in the location, date, and time assigned to their section. Students writing exams in the wrong section will be assessed a 20% penalty on the final exam grade. The final exam schedule is posted online, will be announced in class, and posted on LEARN. There will be no accommodation for possible differences in exam material or content.

Electronic Device Policy

- Laptop computers or other electronic devices (i.e., Apple or Android smartphones and tablets) may only be used to view lecture material.
- Photographic devices are not permitted in class due to copyright and privacy issues.
- Audio or video recording devices are not permitted in class due to copyright and privacy issues.

Attendance Policy and Classroom Protocols

- Class attendance is an integral part of the course. Although attendance is not formally taken, it is critical for understanding the course material. Students are responsible for all material covered whether they choose to attend lectures or not.

- To maintain a classroom environment that is conducive to learning, students are expected to have the highest level of courtesy and professional behavior. Students must be punctual. If you know that you have to leave early, seat yourself near an exit. Please turn off all audible ringers on phones and other electronic devices while in class.

Study Tips

Read the material and practice, practice, practice. I would urge you to reserve at least six hours a week to read the material (e.g., textbook chapters and notes) and do all the problems at the end of the chapters in the textbook. Do not wait until a couple of days before the exams—you will be overwhelmed.

Cross-listed course

Please note that a cross-listed course will count in all respective averages no matter under which rubric it has been taken. For example, a PHIL/PSCI cross-list will count in a Philosophy major average, even if the course was taken under the Political Science rubric.

Academic Integrity

In order to maintain a culture of academic integrity, members of the University of Waterloo are expected to promote honesty, trust, fairness, respect and responsibility. See the [UWaterloo Academic Integrity](#) webpage and the [Arts Academic Integrity](#) webpage for more information.

Discipline:

A student is expected to know what constitutes academic integrity, to avoid committing academic offences, and to take responsibility for his/her actions. A student who is unsure whether an action constitutes an offence, or who needs help in learning how to avoid offences (e.g., plagiarism, cheating) or about “rules” for group work/collaboration should seek guidance from the course professor, academic advisor, or the Undergraduate Associate Dean. When misconduct has been found to have occurred, disciplinary penalties will be imposed under Policy 71 – Student Discipline. For information on categories of offenses and types of penalties, students should refer to [Policy 71 - Student Discipline](#). For typical penalties check [Guidelines for the Assessment of Penalties](#).

Grievance:

A student who believes that a decision affecting some aspect of his/her university life has been unfair or unreasonable may have grounds for initiating a grievance. [Read Policy 70 - Student Petitions and Grievances](#), Section 4. When in doubt, please be certain to contact the department's administrative assistant who will provide further assistance.

Appeals:

A decision made or penalty imposed under Policy 70 - Student Petitions and Grievances (other than a petition) or Policy 71 - Student Discipline may be appealed if there is a ground. A student who believes he/she has a ground for an appeal should refer to [Policy 72 - Student Appeals](#).

Accommodation for Students with Disabilities

Note for students with disabilities:

[The AccessAbility Services office](#), located on the first floor of the Needles Hall extension (1401), collaborates with all academic departments to arrange appropriate accommodations for students with disabilities without compromising the academic integrity of the curriculum. If you require academic accommodations to lessen the impact of your disability, please register with the AS office at the beginning of each academic term.

If you are using Turnitin® in your course Turnitin.com:

Text matching software (Turnitin®) will be used to screen assignments in this course. This is being done to verify that use of all material and sources in assignments is documented. Students will be given an option if they do not want to have their assignment screened by Turnitin®. In the first week of the term, details will be provided about arrangements and alternatives for the use of Turnitin® in this course. Note: students must be given a reasonable option if they do not want to have their assignment screened by Turnitin®. See [guidelines for instructors](#) for more information
