Directions:

1. This form must be filled out if you are requesting to use a course either as a technical elective (TE), technical breadth elective (TBE), a complementary studies elective (CSE), or a natural sciences elective that **has not already been approved** as such.
2. All approved courses are listed either in the Undergraduate Calendar or on the Undergraduate web site.
3. Read the requirements in the Undergraduate Calendar for a CSE before you propose an alternative and justify why it satisfies the conditions. This may require supporting evidence from a faculty member of the appropriate department.
4. This form does not enroll you into the course.
5. Filling in this form does not guarantee that the course will be accepted as an appropriate substitute.
6. This form must be submitted at least one week prior to the start of your enrollment appointment to ensure a timely response.
