

Sneak Peak!

Art Bot

Create your own robot Picasso and watch it bring your art to life! Get ready to paint outside the lines!

Step up to the crease and knock those wickets down! Can you be the ultimate cricket champion?

Cricket Wicket Knockdown Challenge

Step right up and create your own carnival games from cardboard! Fun and games are just a cut and fold away!

Design, build, and race in the ultimate paper ball course! Can you make the fastest run ever?

Paper Ball Run Extravaganza

Baking Soda Blastoff

Prepare for an explosive adventure with baking soda rockets! Watch them soar high into the sky!

Dive into the world of coding with Microbit!
Unlock your programming potential and create something amazing!

**Microbit
Mastery:
Unleash Your
Programming
Skills**

**Harness the
Wind**

Channel the power of the wind and create your own turbine! Can you generate the most energy?

Customize and race your own shoe-powered vehicle! Who knew shoes could be this fast?

**Shoe Me What
You're Made Of**

**Paper
Chromatograph
y**

Unveil the hidden colors in your markers with paper chromatography! Science has never been so colorful!

How far can you stretch your engineering skills? Build the longest line that stands the test!

**Hold the Line
Extension**

**Dam
Constructors**

Become a master engineer and build a dam to control the flow! Will your design hold back the tide?

Write your own interactive story and let your imagination run wild! Adventure awaits at every code!

Code Your Own Adventure

Cardboard Carnival

Step right up and create your own carnival games from cardboard! Fun and games are just a cut and fold away!
