

EE 1975 – 50-Year Reunion

June 6 & 7, 2025

Then

Now

Has it really been 50 years since graduation?! It is time to renew ties with old friends and see what has become of the University that transformed us from teenagers to working adults.

Reunion details can be found at:

<https://uwaterloo.ca/engineering/alumni/reunions>.

I am your class rep and hope that you can come to the reunion.

Let me know if you will be attending or think that you will attend.

I would like to arrange something for the night of Friday June 6 for those who will be there that night. Let me know if you have any suggestions and I will send out more information as we get closer. I could also use some help in making contact with classmates so let me know if you can help.
