Eager to help.

Charmaine started her involvement with the ELL as a participant in the Conversation Partner Program, which pairs domestic students with international students to provide a cross-cultural experience.

For Charmaine, it also inspired her to study abroad in Japan, and choose a Cultural Diversity specialization for her degree program. After returning from abroad, she also chose to become a Peer Leader, continuing to support international students by helping them build English language skills while experiencing life in Canada.

At Renison you find a great community and it’s very familiar – everyone knows each other."
