

Professor(s) name(s)

Would you be willing to teach this course in an evening slot? Yes/No

Course name

Course number (Please consult the graduate calendar for full list)

Course designation (Lit / RCD / XDM or a combination of these; designated areas should be represented in the reading list)

Course Description (This will be used on the department website, and would ideally be a brief statement of about 100 words, plus some sample titles of representative works that will be studied.)

Expanded Course Description (Optional)

Preliminary Reading List (Please include the major object texts, theoretical or critical works you may be using. We encourage the diversification of course reading lists.)

Method of Evaluation (Please include assignments and weightings; for any methods that may fall outside established evaluation procedures, please include a brief rationale for methods.)

Statement of Student Training (Please outline the ways in which your course will train students in relevant theories and/or methodologies.)
