# Networking opportunities for student researchers and industry members

The Human Factors and Ergonomics Society Chapter at the University of Waterloo is pleased to host the 20th Annual Human Factors Engineering Inter-University Workshop (IUW) on November 16th, 2019. The IUW is a student-run workshop that attracts human factors researchers from institutions including the University of Waterloo, University of Toronto, and SUNY Buffalo, as well as members of the human factors and ergonomics community at large. This workshop is a full day event filled with networking opportunities for student researchers and members from industry to share their ideas and latest work in human factors and ergonomics.

#### **CALL FOR ABSTRACTS!**

We are also receiving abstracts submission until October 10th! Visit our website for more information!

#### **SUMMARY OF EVENTS**

#### **Keynote Addresses**

Two keynote speakers will talk about their experiences working in human factors engineering, spanning academia and industry.

## Podium Presentations & Poster Session

Students will talk about their latest human factors research, in fields from healthcare and transportation, to military and process control applications.

#### Awards Ceremony

The top podium and poster presentations, as voted by attendees, will receive a prize.

Networking Dinner We will hold a dinner reception to close the event.

IUW is hosted among the University of Toronto, University of Waterloo, and SUNY Buffalo.
