New Business

If a Councillor has any questions about the procedure, form, or content, they should ask the Speaker.

Adjournment

Adjournment scheduled at 2:30 pm.
Acknowledgments

Some recognition of effort is required for the past and current officers of Student’s Council, as their hard work has led to vast improvements to the efficiency and efficacy of this body, including in the improvements made in the construction of this agenda and the attached minutes. The following members in particular have devoted an extraordinary amount of time and effort to the cause of amplifying discussions on student issues and improving the clarity of debate:

- Alexander Wray (Speaker, 2016-2017), for his efforts to run concise and productive meetings.
- Andrew Clubine (Speaker, 2014-2015), for his efforts in introducing transparent procedure to the operations of Council.
- Sacha Forstner (Secretary, 2016-2017), for his efforts in bringing the operations and decisions of Council to the at-large student population.

Mental Health: PAC-SMH and Accessibility Committee

- The last PAC-SMH meeting took place on Friday, February 2, 2018. The Committee worked for three hours, and in the weeks prior to our meeting, to condense the 140 recommendations from the five supporting panels.
- We have until February 16 to finish the final report and submit it to the President’s office.
- As requested Jowhari, I’d like to provide information on what we’re working on with the university to enhance the student experience of people living with a disability and those individuals living with mental illness. I represent Feds on the Accessibility committee that developed Policy 58 throughout summer and fall of 2017. Now that policy 58 has passed all the formal approvals it needed to become official University of Waterloo policy, we’ve moved to creating a Multi-Year Action Plan (MYAP).
- I sit on the accessible education working group that is looking at how to make learning at UW accessible to all our students, while focusing on how to approve the process in which students use to seek accommodation.
- We can address concerns that have been brought up due to UofT’s policy — challenged by the Ontario Human Rights Commission — through the work of this working group and ensure that it is properly addressed in PAC-SMH’s final report.

Task force: General Meeting

- Our task force has met twice and has developed the following working groups to explore the following topics:
  - Evaluate engagement and data metrics of past GMs under our current structure
  - Council as Meeting of Delegates (including ratification of elections & auditors report, director election reform, role of executives)
  - Improving Engagement of AGMs the way they exist now (Motion submission, advertisement, agenda accessibility)
  - Reforming GM Structures (e.g. Town Hall / Q&A session with Execs, Speaker, Chair)
  - Electronic Ballots (multi vs single day, what does this look like with Council as a meeting of delegates & GMs as townhalls, how to keep discussion and engagement, referenda) + Post hoc voting viability
- We will present our early findings as a task force by the March 21st General Meeting!

Policies & Procedures Committee

- We’ve had one meeting since our last Council meeting. We’re looking at our Council procedures to identify any potential changes that can be made to facilitate and enhance Council’s evidence-based policy development process. Any of these changes will be recommended to Council.
- We’ve considered two different reports and proposals from Seneca and the Research and Policy Officer. Between now and the next Council meeting PPC will decide which elements of both proposals we like best and propose some potential amendments to council procedures.

2) Current Projects /Initiatives

Month Summary

The Bombshelter:
- We have plans to launch an Express menu where certain food options will be available to be made at reduced time to increase the convenience for students
- We are working on implementing being open on the weekends and are currently analyzing hours of operation for this and also when we should/could start these expanded hours.
- Bomber trivia’s and Special event/themed bomber Wednesdays have continued to be busy. We have also seen an increased in society bookings this term.
- New Catering Menu has launched.

International News:
- Nothing New to Report

Campus Bubble/Bento:
- Nothing New to report

Feds Used Books:
- Still ongoing: We are currently looking at reducing the hours during the remaining two months of each term. This is going to be done through assessment of the previous years transactions during these months. During the fall term there was more traffic during the middle of the day and less in the morning and evenings. This will be done to ensure the service is still accessible but also efficient.

Current Projects/Initiatives

I have continued to meet with both MathNews and MathSoc to ensure needs of all parties are attended to. I can confirm that the MOU between MathSoc/MathNews is moving forward in a positive direction. In addition, I have personally worked through barriers that MathNews was experiencing to better serve their needs. As of our last meeting all parties have accepted our apology and are happy with the solutions presented.

2.B Legal Survey
The Legal survey has seen a decent amount of responses to date with a couple hundred individuals participating. We will continue to have it open for an additional week to encourage more people to fill it out! Reminder to please encourage your peers to fill it out at www.legalsurvey.feds.ca.
2.C Job Fair
The Job fair saw over 175 students attend in employment with Feds, it was a great opportunity to chat with students and to better communicate all the services and job opportunities we have to offer.

2.D Email Update
Many students who are using their EDU emails experienced some delivery issues when trying to email a recipient who had their account being forwarded to another email. Feds.ca had experienced these issues in January however, the problem is resolved and we will work closely with IST to ensure this does not happen again.
