   BIRT Students Council considers the participation of councilors in General Meetings of the Corporation mandatory
   *Moved by: President, seconded by: McGinnis*
   - **Comments:**
     - President:
     - student representatives are important we should see high participation rates at general meetings
     - this should be reinforced in bylaws and to clarify what the duties are for the councilors
     - _________: Can it be counted towards absence?
     - President: No. It is failure to do their duties rather being absent
     - Niesner: What if people are not in province?
     - President: Academic retreat is fine
     - McGinnis: Good motion to have.
     - It encourages as many councilors to show up as possible to have quorum
     - Niesner: Good to have it
     - However, will not see significant increase in the number of people who show up
     - _________: Although it might not be significant, it is still beneficial to have regardless
     - Niesner: Not against the motion, but it is not realistic that people will come because of it

Presentation (See Appendix IV)

Summary:

✓ Action plans for how to achieve goals
✓ How to implement and continue with follow-ups
**Goals Summary**

**Goal 1:** Develop and implement SMART learning outcomes for events.

**Goal 2:** Review, develop and implement standards and procedures for services.

**Comments:**

Ramdev: Why are you deciding what to do?
VP Internal: Because the rest are not improving anything
President: Is this for all services?
VP Internal: For all services. First comply with individual standards and see if they follow with the procedures. We will prioritize these goals. We took the few that we thought are the most important for next year.

**Goal 3:** Create tools and procedures for ongoing assessment/review of programs and services that involve student input and decisions (event/service tracking and reporting)

**Goal 4:** Increase promotion, visibility, and awareness of services and programs to all students (general awareness and promotion of activities)

**Goal 5:** Commit to running diverse programming

BACK TO ORDER AT 14:27pm

i  Fee Increase – President (See Appendix V)

Motion: WHEREAS Students’ Council has identified a need for increased resources towards institutional and municipal advocacy;  
WHEREAS the Federation of Students has now gained management control of the SLC;  
WHEREAS the Student Services Advisory Fee towards the turnkey desk will be discontinued as of May 1st, 2013  
BIRT Students’ Council endorses a fee increase to subsidize the costs of the Turnkey SSAC fee, increased advocacy support, and support staff within the accounting department.  
Moved by: President, seconded by: VP Education

Comment:
President:
✓ SLC has been taken over by FEDS. There will be a fee that former students endorse.
✓ University cannot transfer fund to FEDS. So we need to find a new resource if we want services such as Turnkey desk to exist.
✓ We could commercialize more so that external vendor can rent the space in SLC. We will take the payment.
✓ However, in order to fund Turnkey desk, we need more funding.
✓ We are not increasing the fees really but just transferring.
✓ Front desk of FEDS will be taking on full time duty for clerical stuff. Also, some operations will be removed from Turnkey desk.
✓ Accounting departments will take the hit because of this. Accounting support is needed to carry day to day task. University used to support a lot of accounting work with SLC, which will now stop. So SLC will be sending accounting to FEDS not to the university
✓ Full time accountant will be hired and receptionist will do mostly data input

Savoy: Speaking against the fee increase. We shouldn’t be voting in support of the $2.95  
Ramdev: Only if you can promise FEDS will have more public displays to gain exposure at SLC  
President: we are definitely doing that but most likely next year’s executives will be working on that and empowering FEDS. So they will be taking all credits for that and we are happy about that

Decision: PASSED (McGinnis to be noted)

j  New Bylaws - President

Motion: WHEREAS there will be a new Corporations Act in place on July 1st, 2013
BIRT Students’ Council endorses the Bylaws as attached  
Moved by: President, seconded by: McGinnis

Comments:
President:
Compare new bylaws to our old bylaws, the new bylaws are awesome
55 pages to 22 by taking out unnecessary things but the wordings are almost the same
Changes to be noted:
✓ Distinction between graduate and undergraduate students is made
✓ Motion can be brought to councilors. The idea is to have members hold councilors responsible to bring up concerns that they have. Since general meetings have quorums so that the issues have to be discussed
✓ Added duties section; directors must attend directors meeting and know exactly what their responsibilities are
✓ Student council: membership same as before; discussions about adding members; but do not want to change governance structures
✓ Change quorum: it used to be 50% minus the people who have been excused at a minimum of 1/3 of council. We have a strong desire to have more people show up – asking 50% councilors to show up on meeting since 50% should be easy to reach
✓ Special meetings: it used to be 5 days of special meetings but meetings should be determined at the beginning of the year; now special meetings can be called by president
✓ Power of student council: previous bylaw said it has power to create committees; now try to define it and articulate it better. However, council still doesn’t have power especially compared to the Board.
✓ Attend all council meetings
Member: I can understand the spirit of this but is it necessary
McGinnis: Can change the language to percentage. Say you must attend 80% of the meeting
Niesner: It is possible to schedule the starting time but not always the ending time of meeting
President: we can take these recommendations and VP can work on the implementation
Member: we should not get rid of the 30 minutes late rule but 80% attendance rule how do you implement it?
Romualdo: We should have some official checking out procedure
McGinnis: we encourage VP and President to come to our next discussion
Savoy: if anyone has to leave early can bring that up at the beginning of the discussion

✓ Elections: Changing voting method. We might go for referendum
✓ Discipline: It is a good thing to have. Suppose the future president wants to give away the management of SLC and the VP noticed. He/she can call the members of the general body to investigate what is going on and see what changes need to occur. It is unclear in the current bylaw

President: I’m concern about the lack of accountability of the president and VPs. They should be reporting to their constituents if they are not doing the right things so that they will not be abusing their authority

Decision: PASSED

8. General Announcements
   ■ An event for science constituents will be held

9. Adjournment
   Motion: to adjourn the meeting
Moved by: Speaker, seconded by: ________
Decision: PASSED

Meeting adjourned at 15:54 pm, March 10th, 2013

Appendix V

- **Proposed Fee Increase** (but mostly a fee transfer)
  
  - Federation of Students
  
  - Feb 2013

- **Why do we need an increase?**

- **Student Life Centre**
  
  - **Increase level of accounting support**
  
  - **Increase need in advocacy efforts**

- **Student Life Centre**
  
  - As of February 1st 2013, the Federation of Students has been managing the Student Life Centre
  
  - Most costs are covered by the revenues the building brings in
  
  - Turnkey staff salaries $150 000 (part time) are currently paid for by the Student Services Ancillary Fee

- **NOT REALLY AN INCREASE**
  
  - Currently each student pays a termly fee called the SSAC fee
  
  - Currently approx. $2.40/Total SSAC fee goes towards the payment of running the Turnkey desk operation in the Student Life Centre
  
  - The Feds will now charge the $2.40/term as it will be the manager of the building equating to $150 000 / year

- **Accounting Department**
  
  - We need to restructure this dept. due to increased enrollment, staff support and the SLC
  
  - We will change one of the clerk positions to being an intermediate accountant
  
  - Receptionist will be full time and take on some of the clerical tasks the clerk position previously held.

- **Current Structure**
  Accounting Department

- **New Structure**
  Accounting Department

- **Advocacy Needed**
  
  - For several years this is an area that we have not put many resources into although our LRP calls for it
  
  - Two main changes that support this:
    
    - We now represent P/T students
    
    - Change in membership with CASA

- **Advocacy Needed**
• We will be hiring an Education Advocacy Manager to work alongside the VP Education
• This position will provide expertise and act as a resource for Commissioners, Councilors, and Society Exec in academic and external advocacy
• Will support the VP Education in maintaining external relationships with municipal/regional, provincial, and federal partners

**Fee Increase Breakdown**
• Student Life Centre – $125 000
• Accounting Restructure- $40 000
• Increased Advocacy- $60 000
• CASA Membership Savings - ($25 000)
• Part time student fee - ($50 000)

**Total Cost - $150 000**
Based on 51 000 FTE - $2.95 /term

We are currently proposing a $2.95 increase to the Federation of Students Fee brought to the GM this March.

• **Benefits Students Will Receive**
