Notes

1 MSCI ESG Rating Continuum (performance is measured relative to industry peers):

CCC (lowest), B, BB, BBB, A, AA, AAA (highest)

n/a = rating not available at this time

2 Carbon Emission Risk evaluates whether the company may face increased costs due to carbon pricing, or regulation (not a measure of GHG)

3 Energy Sector Exposure includes investments held within actively managed equity funds and excludes indexed/passively managed equity funds and fixed income investments
