

**University of Waterloo Master's program in Geography  
Thesis proposal approval form**

**Proposal approval process**

- A copy of the thesis proposal must be attached with this form.
- By signing below, advisor and committee member confirm that they have reviewed and approved the thesis proposal.
- The student's signature confirms that they accept and agree with the approval process.
- Normally, a committee member (in addition to the advisor) should be in place at the time of approving the thesis proposal. Please explain in the comments if a committee member is not approving the proposal.
- The completed form should be returned to the graduate officer, normally before the end of the student's first year, and always prior to the submission of the thesis for examination.
