Photography/Video Consent

*Use of Camper Images and/or recordings*

Ontario Mennonite Music Camp (OMMC) participants are involved in many meaningful activities during their camp experience and it’s important for us to capture these moments. Our photos and video recordings (taken by staff or campers) are used to capture and archive the camper experience and the unique programming we offer campers each year.

OMMC images may be displayed on our website and some photos and video recordings may be used for promotional and/or fundraising materials that will be printed, distributed and/or accessible online.

Photos and recordings may be posted on Conrad Grebel College’s website but we will not include full names (i.e. first name only or no name). Full name and/or age may be required for photos in formal printed materials (i.e. The Canadian Mennonite or MCEC materials), which are made available online.

There is also no expectation of privacy at public events hosted at the camp (i.e. the final concert).

It is important to us that you and your child understand the conditions outlined in this Photography/Video Consent Form. We value the trust you place in us regarding the use of camper images and names in OMMC communications. Thank you in advance for your support as your child participates in the numerous activities during the camp experience.

Consent will be effective during the two week camp, however, photos and video recordings taken when consent was given, may also be used in future years. You may change your level of consent at any time by contacting Ontario.Mennonite.Music.Camp@uwaterloo.ca. Thank you.
