STUDENT PERSPECTIVES ON LIFE AT GREBEL

ABIGAIL K.
I really love the meals at Grebel every day! Thanks to the fill-the-table tradition here, no one ever has to sit alone. I get to eat and talk with different people every meal, which is so awesome for getting to know people.

SARAH M.
A highlight for me is going to the music practice rooms, or just someone’s room, and having a quick jam sesh. It’s great to spend time with everybody and take a breather from school.

BEN R.
I chose Grebel because I wanted to live in a small residence that I could feel connected too. Grebel is special because it provides an environment to foster meaningful friendships.
