

Co-op Student-Reported Earnings

From January-December 2019

The tables below represent self-reported hourly earnings from co-op student work terms in 2019. The top number represents the average earnings for each work term level, while the two numbers below represent the low and high-end of the earnings range for students at that level.

Please Note: All hourly earnings have been self-reported by students. Co-operative Education does not establish or recommend pay level for students.
