

Peer Leader Profile

First-Year Accounting and Finance Living-Learning Community

1 >> Why did you choose to be a Peer Leader?

I chose to be a Peer Leader because I couldn't have survived my first year without the help of upper-year students –I wanted to give back the help I got when I was in my first year. I also really enjoy meeting students, planning events, seeing smiles on people's faces, and doing whatever I can to make the experience of first-year students wonderful.

2 >> What program are you in?

Accounting and Financial Management – Public Accounting.

3 >> What have you learned as a Peer Leader?

I have learned to be patient, understanding and open minded. All students are different and that is what makes the role so fun! I've learned that first impressions aren't always correct, so don't be quick to judge anyone!

4 >> What would you say to somebody who is thinking of being a Peer Leader?

I would tell them to go for it because it is an amazing experience! You learn to care for students...and it is so fun to plan events and hang out with students and other Peer Leaders.

5 >> What would you say to a student who is thinking of joining the Accounting and Finance LLC?

I would tell them to definitely join! If there is one thing I could change in my first year, it would have been my decision to not join an LLC. After being a Peer Leader for two years now, I totally wished I was in LLC in my first year! My students have so much fun together, and the community that is built and created is amazing.

“I chose to be a Peer Leader because I couldn't have survived my first year without the help of upper-year students –I wanted to give back the help I got.”
