

# Student Profile

## Living-Learning Community: Accounting and Finance

1 >> **Why did you choose to study Math and Chartered Accountancy?**  
The co-op program is a great experience and Math/CA is a great start to my goal of becoming a corporate lawyer in the future.

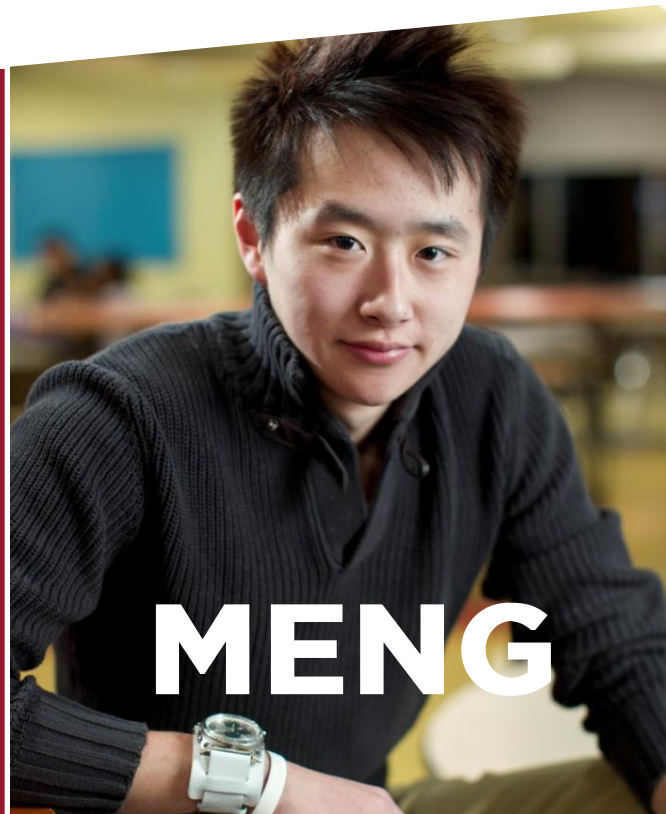

2 >> **Why did you choose to join the LLC?**  
To receive help, advice, and personal life experience from an upper-year SAF student who can pass down valuable knowledge.

3 >> **What have you gotten out of the LLC?**  
I've learned many great ways to study. There have also been different opportunities and events that we can participate in.

4 >> **What is your Peer Leader like?**  
I am part of her Arts Commissions team in FEDS as a Junior Marketing manager. She has helped me in so many aspects, including sharing interview experiences and co-op opportunities. She is a great Peer Leader and I consider her as a friend.

5 >> **What are some LLC events you've been to?**  
We had a night of fun games after midterms. We also get together at night [in residence] to discuss school and catch-up with each other.

6 >> **Have you met students from other programs?**  
Yes, V1 is a great community and the people and Dons are warm and welcoming. V1 is great!

**“[my Peer Leader] has helped me in so many aspects, including sharing interview experiences.”**
