TOP 5 REASONS TO LIVE IN RESIDENCE

1. **Boost academic performance**: Students who live in residence in their first year have a higher GPA, are less likely to drop out, and are more likely to graduate! Living-Learning Communities, tutoring, and academic support in residence will help you achieve your academic goals.

2. **Be close to everything**: Roll out of bed and into class! As a busy first-year learning to balance academic, social, and extracurricular activities, living a few minutes away from everything – classes, food, gym, extracurricular activities, and jobs – is priceless.

3. **Become a leader**: Got your eye on a future co-op, campus or faculty job? This is the perfect place to start. Volunteer on an Advisory Board, work as a Don, Residence Ambassador or in one of our 150+ positions and you will learn leadership, public speaking, critical thinking and more.

4. **Grow your (social) network**: Living in residence is an incredible way to meet new friends and form new relationships. There are countless opportunities to meet other students from diverse programs and backgrounds and develop lifelong friendships.

5. **Build resilience**: Learning to live in a diverse community, while keeping your grades up and résumé full is a great way to build resilience! Don’t worry, residence has a supportive structure that combines one-on-one support with programs and resources tailored to help you succeed.

**DEADLINE TO APPLY: JUNE 1**

“*Our floor is like a family! We are soo close.*”

**Ashley & Nothando**

“*[My roommate] is the best friend I’ve ever met, and we’re living in residence again next year. I love it here!”

**Celeste**

Residence is much more than four walls and a bed – it’s a place where you learn, grow and make friends for life. Ready to get the residence advantage?

Apply before the June 1 deadline with a $500 non-refundable deposit to guarantee your space this fall.
