C. DESCRIPTION of PROPOSED RESEARCH, RELEVANCE TO NANOTECHNOLOGY and ALIGNMENT WITH UNITED NATIONS SUSTAINABLE DEVELOPMENT GOALS (800 words maximum)

Clearly describe your research project and its relevance to nanotechnology to be attached to this form. The originality and relevance of the proposed research will be an important element in the evaluation. Special consideration will be given to students intending to pursue projects involving cross-disciplinary collaboration in nanotechnology.

Also include your project’s relevance to nanotechnology in terms of one or more of the KEY THEME AREAS of nanotechnology: (1) smart & functional materials; (2) connected devices; (3) next generation energy systems; (4) therapeutics & theranostics and the project’s alignment to the United Nations Sustainable Development Goals (UNSDG) (as defined on the following link: <https://www.un.org/development/desa/disabilities/envision2030.html>)

You must include how your project takes into consideration the themes of equality, diversity and Inclusion (EDI) as outlined in UNSDG #10 – Reduced Inequality.

Please use the following format for publications:

Please include the full authorship as it appears/will appear in the original publication, with the **applicant's name** in bold. Make sure that full authorship, year, title, publication name and volume, and page numbers are included in your citations. For each publication please clarify your contribution to the work, and which degree program you were in when the work was carried out. (Max 2 sentence limit and use 12-point font for all entries.)

D. PUBLICATIONS AND PRESENTATIONS

List publications and presentations in reverse chronological order (most recent first) according to the categories given.

a. Articles published, in press, and/or accepted in refereed journals, and articles submitted to refereed journals with submission number

D. PUBLICATIONS AND PRESENTATIONS (CONTINUED)

List publications and presentations in reverse chronological order (most recent first) according to the categories given. (Use 12-point font for all entries.)

b. Refereed conference proceedings and abstracts, and invited communications, reports, and book chapters**c. Non-refereed contributions such as technical reports, conference presentations, posters, and patents**

Instructions for Attaching Files to the Application:

Attachments must be in PDF form.

Acrobat, or Adobe Reader version 10 or higher are required to attach documents. The latest version of Adobe Reader can be downloaded at <http://get.adobe.com/reader/>

If you're using **Adobe Reader X** (recommended) follow these instructions:

1. Click on “**Comment**” at the top right hand corner of the page
2. Under “**Annotations**” select the “**Attach File**” paperclip icon
3. Click in the appropriate space provided and select the file you would like to attach

If you're using **Adobe Acrobat** or an **older version of Adobe Reader**, the same option can be found by selecting

Tools > Comment & Markup > Attach a File as a Comment (paperclip icon) from the top menu bar.

Your file should show up as a small paperclip icon in the box provided when it has been properly attached.

Application Check-list:

Application Form:

- I have completed all relevant fillable fields of this Nanofellowships Application Form (Sections A-C)
- I have combined all my transcripts into a single file (PDF) and attached them (Section D)
- I have provided the contact information for my references (Section F)

References:

- I am aware that it is my responsibility to ensure that my referees submit their reference letters prior to the indicated deadline
