Welcome to the Spring 2020 KGSA newsletter!

Spring has sprung and the summer is right around the corner for the new Spring 2020 term! Though the term may not be quite what anyone expected, let's take a look back at some of the highlights from the past few months!

First, we want to give shout-out to everyone who attended last term's KGSA events! While the much-anticipated annual KGSA curling Bonspiel had to be cancelled, we were still able to host a successful board game night (featuring loads of pizza and projector-screen Mario Kart). Since then, we've transitioned into hosting virtual games nights (including Jackbox Partypack stream play-alongs and trivia) on our very own Discord server (feel free to join the server by visiting bit.ly/KGSA_Discord!)

We want to thank everyone for providing their thoughts and feedback on our decision to postpone the KGSA elections until August 2020. While these are unusual times, we have adapted our approach in order to continue offering KIN grad students with accessible events and social support. Our Discord is a platform like other instant messengers, but with more features that let us host virtual events including our newly implemented KGSA office hours where two or more KGSA executive members available to answer any questions or just chat! Join us by clicking [this link](#) and make sure to say "Hi"!

The KGSA would like to emphasize to all students that we recognize that things are very different at the moment. We are a very tight-knit department who enjoy regularly coming together, and when that is not possible, it is felt by all. The KGSA is constantly open for suggestions as to ways we can help students connect while off campus or ways in which we can better support you and improve your experience in our department. If you have any feedback or suggestions, please use our [KGSA Suggestion Box](#) or reach out directly to a member of the KGSA executive at any time!

Have a great Spring 2020 term everyone!
