

go on an adventure while completing your degree

Mathematics International Exchange

- » Go on an International Exchange in your third or fourth year.
- » Choose from over 140 partner Universities found world wide.
- » To qualify you will need to have a cumulative average of at least 70% when applying.
- » Both Co-op and Regular students can apply.
- » Both Canadian and International students can apply.

UNIVERSITY OF WATERLOO
FACULTY OF MATHEMATICS

Prepare yourself

- » Explore potential destinations further through Waterloo Passport (uwaterloo-horizons.simplicity.com).
- » If you are interested in destinations such as Italy, France or Spain consider taking some language courses while at UWaterloo.
- » Be more global! Use your exchange to gain a Global Experience Certificate. Further information can be found at uwaterloo.ca/international/go-abroad/students/get-your-global-experience-certificate.

Math in Europe

Wanting to go on an International study experience before your third or fourth year?

- » Consider Math in Europe, further information can be found at: uwaterloo.ca/international/math-in-europe.
