Current Academic Plan(s)

What is your current academic plan? (e.g. Honours Mathematics) __________________________________________________________

What was your first term of enrolment in the Math Faculty? (e.g. fall 2012) ________________________________

Requested Academic Plan(s)

Term in which you want this plan change to take effect: □ fall □ winter □ spring  Year: _________________

First Major Plan (10): ___________________________________________  Admit □  Deny □

Plan calendar year (i.e. 2015/16): __________  Academic advisor name (print): ______________________

□ Honours  □ Minor  Advisor signature: ______________________

□ Joint Honours  □ Option  Date: _________________

Second Major Plan (20): ___________________________________________  Admit □  Deny □

Plan calendar year (i.e. 2015/16): __________  Academic advisor name (print): ______________________

□ Honours  □ Minor  Advisor signature: ______________________

□ Joint Honours  □ Option  Date: _________________

Third Major Plan (30): ___________________________________________  Admit □  Deny □

Plan calendar year (i.e. 2015/16): __________  Academic advisor name (print): ______________________

□ Honours  □ Minor  Advisor signature: ______________________

□ Joint Honours  □ Option  Date: _________________
Co-op to Regular change only - Approval from the Math Co-op Advisor is required.

- □ Approved  □ Denied  Date: _____________________________

Math Co-op Advisor or Math Associate Dean of Co-op signature: _____________________________  (as required, see Note below)

Notes:
- Requests to switch from co-op to regular are only considered for those plans with a regular option (students in mandatory co-op plans would have to change to a plan with a regular system of study).
- Prior to the mid-point of your sequence (~2B term), approval from the math co-op advisor is required.
- Once you have passed the mid-point (~2B) of your sequence, approval from the Associate Dean Co-operative Studies Faculty of Mathematics is required.

Math co-op advisor comments:
