

### Mechanical Engineering 3B Schedule - Winter 2024

|       | Monday                            | Tuesday                           | Wednesday                                      | Thursday                          | Friday                            |
|-------|-----------------------------------|-----------------------------------|--|-----------------------------------|-----------------------------------|
| 8:30  | <b>ME 360</b><br>L01<br>E3 - 3164 | <b>ME 360</b><br>L02<br>E3 - 3164 | <b>ME 300B</b><br>Make-up Lecture<br>E5 - 3102 | <b>ME 360</b><br>L03<br>E3 - 3164 | <b>ME 360</b><br>L04<br>E3 - 3164 |
| 9:30  |                                   |                                   | <b>MSCI 261</b><br>TUT<br>E5 - 3102            |                                   |                                   |
| 10:30 |                                   |                                   |  |                                   |                                   |
| 11:30 | <b>ME 322</b>                     | <b>ME 300B</b><br>Make-up Lecture | <b>ME 322</b>                                  | <b>ME 300B</b><br>Class Prof Hour | <b>ME 322</b>                     |
| 12:30 |                                   |                                   |  |                                   |                                   |
| 1:30  | <b>ME 353</b>                     | <b>ME 362</b>                     | <b>ME 353</b>                                  | <b>ME 362</b>                     | <b>ME 360</b>                     |
| 2:30  | <b>ME 380</b><br>PRJ              | <b>MSCI 261</b>                   | <b>ME 360</b>                                  | <b>MSCI 261</b>                   | <b>ME 322</b><br>TUT              |
| 3:30  |                                   |                                   |  |                                   |                                   |
| 4:30  |                                   | <b>ME 353</b><br>TUT              | <b>ME 362</b><br>TUT                           | <b>ME 360</b><br>TUT              |                                   |
| 5:30  |                                   |                                   |  |                                   |                                   |
| 6:30  |                                   |                                   |  |                                   |                                   |

**Home Room: E5 - 3101**

ME 322 Mechanical Design 1 - Jose Imbert-Boyd

ME 353 Heat Transfer 1 - Kyle Daun

ME 360 Introduction to Control Systems - William Owen

ME 362 Fluid Mechanics 2 - Cecile Devaud

ME 380 Mechanical Engineering Design Workshop - John Montesano

MSCI 261 Engineering Economics: Financial Management for Engineers - Hassan Shavandi
