Your invitation to support the
Dr. Charles (Charlie) Bayliff Memorial Scholarship

Dr. Charles (Charlie) Bayliff, CD (1949 – 2010)
As a leader in hospital pharmacy in Canada, Charlie was a respected pharmacist, mentor, teacher, author, and colleague, and was the recipient of several awards that recognized his professional contributions.

Charlie’s achievements and memory are being honoured through the creation of a unique scholarship that will provide financial support to pharmacy students entering a post-graduate residency program.

The Dr. Charles (Charlie) Bayliff Scholarship
The Dr. Charles (Charlie) Bayliff Scholarship will recognize students who are enrolled in their final year of studies at the School of Pharmacy at the University of Waterloo. They will have demonstrated strong academic performance and involvement in professional activities as a student pharmacist, and have been accepted into an Ontario hospital pharmacy residency program.

About Dr. Charles (Charlie) Bayliff CD (1949 – 2010)
Charlie was passionate about pharmacy. His career began rather inconspicuously in 1968 when he was employed as a high school student at Plummers Drug Store in Port Hope, Ontario. Charlie received his BScPhm from the University of Toronto in 1972 and his PharmD from the Philadelphia College of Pharmacy and Science in 1982. His contributions are recognized by a myriad of awards including the CSHP Fellowship (1996) and Society’s Distinguished Service Award (2001). His dedication as a pharmacist health-team member at London Health Sciences Centre’s Victoria Hospital and the Sunnybrook Medical Centre was appreciated by hundreds of health professionals. His published works continue to inspire those who knew him and inform many who did not. Charlie will always be remembered for his tremendous passion for human health, his joyful spirit, and his remarkable capacity to nurture future leaders of pharmacy.
Charlie was an easy-going, personable individual who was always ready with a joke or humorous anecdote. His dedication and commitment to pharmacy set him apart and made him an important influence on the profession in Canada.

The Need for Scholarships
The School of Pharmacy’s spirit of creativity and innovation continues to cultivate knowledge and ideas that have an impact on local, national, and international communities. Scholarships and awards provide a significant way to recruit the profession’s future leaders, recognize student achievement, reward students for their accomplishments, and provide financial support to help cover significant educational expenses. Tuition costs for the pharmacy program at Waterloo are currently more than $50,000, with additional costs for books and living expenses. As government subsidies decrease and the cost of living increases, the need to offer student aid is greater than ever.

Campaign: Create an endowed scholarship fund in memory of Dr. Charles Bayliff
Campaign Goal: $40,000
Campaign Period: Fall 2011

Call to Action
You are invited to pay special tribute to our dear colleague and friend, Charlie Bayliff, by financially supporting the new Dr. Charles (Charlie) Bayliff Memorial Scholarship Fund using the enclosed letter of intent. In his memory, your gift will inspire and recognize pharmacy students at the University of Waterloo who plan to dedicate their future to a career in pharmacy by undertaking a post-graduate hospital pharmacy residency program in Ontario. One hundred per cent of every donation will be designated to the scholarship in memory of Charlie and donors will receive a tax receipt for the full amount of their gift.

To make a gift, please use the enclosed letter of intent or contact:
