ALUMNI NEWS

TOGETHER, WE ARE INNOVATING PHARMACY

I hope you all had some time to relax and recharge this summer! We are excited to share our current news and upcoming events here at the School in this Alumni Newsletter edition.

Thank you to those who came out to this year's [Annual Alumni & Friends Golf Tournament](#). It was a wonderful way to reconnect with each other and raise money for our Student Success Fund.

We'd like to invite you to our [CE Saturday](#) event designed just for you! Join us on September 23, 2023, in person or virtually, to hear about the latest hot topics in pharmacy practice, take part in a networking lunch and tune in to a panel on Using Your Voice, presented by our Women in Pharmacy Leadership program. [Register today](#) for free!

Nominations for our [2023 Alumni Achievement Award](#) are now open. Do you know of a Waterloo Pharmacy alum who is making a significant contribution to the profession? This award recognizes these individuals and their efforts to build a better world.

Lastly, we are thrilled to announce our new LinkedIn page. Follow [our page](#) to stay connected with us.

Enjoy the fall season!

- Andrea Edginton, Hallman Director

UPCOMING EVENTS

WHAT: CE Saturday 2023
WHERE: Hybrid, School of Pharmacy
WHEN: September 23, 2023

[FREE REGISTRATION NOW OPEN - IN PERSON OR VIRTUAL](#)

ALUMNI ACHIEVEMENT AWARD

Jeff Wong (Rx2011) reflects on winning the Alumni Achievement Award in 2017.

[NOMINATE AN ALUM FOR THE 2023 ALUMNI ACHIEVEMENT AWARD](#)

PAST EVENTS

Thank you to all alumni who came out to the Waterloo Pharmacy Annual Alumni & Friends Golf Tournament. We enjoyed a beautiful day in the sun with fellow alumni and a dinner after some golf! Thank you for your continued support of our student success fund.

[READ MORE ABOUT THE EVENT](#)

IN THE NEWS

Dr. Sachdev Sidhu, entrepreneur in residence and researcher at the School, led the development of a synthetic protein to treat incurable eye diseases.

[READ MORE ON THIS RESEARCH](#)

Waterloo Pharmacy researchers address a significant gap in maternal medication research by developing a new metric using mathematical modelling to aid healthcare providers in medication prescribing for those who breastfeed their infants.

ADDITIONAL RESOURCES

What's new in continuing professional development (CPD)?

- [Prescribing for Minor Ailments: The Fundamentals](#) has been updated for 2023 as well as offering new content to match the six (6) additional minor ailment prescribing categories to be offered in Ontario this Fall. Check out this popular course featuring several Waterloo faculty members as authors.
- Want to boost your knowledge and skills in assessing and treating skin conditions? Check out the innovative series of dermatology modules on the [Pharmacy Sin5](#) platform, including our distinctive downloadable resources.
- Have ideas for programs or topics you'd like to see in CPD? Send your ideas to phcpd@uwaterloo.ca and check our [Professional Development](#) page for updates.
