Philosophy 680 A
Philosophical Method and Experimental Philosophy

Fall 2014 | W 1:00-3:50 | Hagey Hall 373

**Professor:** John Turri
Office hours: T, W 12:00-12:50, Hagey Hall 333
Email: jturri@uwaterloo.ca

**COURSE DESCRIPTION**
This seminar focuses on philosophical methodology and experimental philosophy. Through this lens, we will discuss topics in epistemology, political philosophy, metaphysics, philosophy of science, philosophy of law, philosophy of mind, and ethics. One course goal is to promote greater awareness of how philosophical research is, can be, and should be conducted. A second goal is to make progress in answering specific philosophical questions. A third goal is professionalization.
