# ABOUT WTMUPC

WHAT'S IT ALL ABOUT ?

WTMUPC is an annual conference alternating between PSA and Toronto's Metropolitan University Association of Planning Students (TMAPS).

WTMUPC is an opportunity for students to discuss relevant urban issues, expand their professional networks, and engage with others outside of the classroom.

The theme of this year's conference is "Cities in 2050" - it will include individual panels, networking opportunities, charettes, and interactive activities to promote design thinking and critical analysis of the future of the planning discipline.
