Course Description: This course will examine the role that rights and rights discourse play in public policy development and policy change. Students will explore key debates about the role of courts in policy-making, institutional relationships surrounding the application of rights to particular policies, and the limits of rights and rights discourse. Seminar topics involve policies implicating the Charter of Rights and Freedoms, including health care, social policy and the welfare state, multiculturalism, the environment, the Criminal Code, and policies affecting Indigenous communities. Statutory rights instruments and the role of human rights commissions and tribunals will also be examined.

Pre-Requisites: PSCI 260 or LS 101.
Format:
This is a seminar class. Student participation and discussion of key issues, course readings and cases will be the primary component.

Texts:
There is no textbook purchase required for this course. Students are expected to obtain all of the readings and cases through the course LEARN site (readings are also available through the library system and cases are available online).

Course Requirements, Expectations, and Standards:

Assignments:

Participation (25%):
You will be evaluated on regular, quality contributions to class discussions in the seminar. This is a major component of the course, and doing all of the readings is integral to your success.

Reading Summary and Discussion Questions (20%):
Students will submit a 200 word summary (a short, single-spaced paragraph) of one of the readings for each week, with three sophisticated discussion questions that reflect the student has carefully read the article/case. A total of six such assignments must be submitted during the term. Each assignment is due IN CLASS the day the reading is assigned. NOTE: no late assignments will be accepted.

Critical Analysis (15%):
Students will write a critical analysis of 3 pages (double spaced, standard font size and margins) on one (or more) of the readings from one of Weeks 2-6. The critical analysis should examine and assess the major findings or arguments of the reading(s) and evaluate whether the author(s) provide a convincing line of reasoning. The critical analysis is due IN CLASS during the week for which the reading was assigned.

Research Paper (40%):
Students will be expected to write a research paper examining a public policy issue that has implications for rights or that has come up against rights claims. A separate assignment sheet will be handed out in class. Final due date: Wednesday November 28 by 10:00pm to the dropbox on Learn.
Extra Credit/Make-up Work:
Unlike high school, it is rare that a university-level course would allow for make-up work to help improve a grade. There is no extra credit or make-up work offered in PSCI 463. The requirements of the course are set out at the beginning and students are expected to work hard and well in order to earn marks. It should also be stated that students don't start off with an “A” and lose marks on assignments. Everyone hands in their assignments and the assumption is that marks are earned – that is, you go from a zero up to the assessed value of the work as evaluated by the professor.

It should also be clear that at the post-secondary level, it is expected that everyone will work hard. “Working hard” on your assignments does not mean you have earned or deserve a high grade if key elements of the assignment are missing. I will not entertain appeals of grades on the basis that you “worked hard” on it and therefore deserve more marks.

Other Course Policies:

Course Website

The course outline, detailed assignments, class announcements, etc. will be available on the course website on LEARN. If you have questions about when assignments are due, late policies, sickness accommodation, etc., your first source of information is the course outline. Users can login to LEARN via: http://learn.uwaterloo.ca/. Use your WatIAM/Quest username and password.

Late Penalties

All late assignments will be penalized 5% a day (including weekends). A waiver of this penalty will only be considered in the event of an officially documented extenuating circumstance (this does NOT include a note from your mother). See “Extension Policy” below. Late assignments can be placed in the professor's drop box in the Department of Political Science. This is cleared out daily.

Final Submission Date for Assignments

The final submission date for assignments is one week (7 days) after their due date (with the imposition of late penalties). The instructor WILL NOT accept the assignment for grading after one week has passed without a documented extenuating circumstance. If an extenuating circumstance may prevent you from submitting an assignment by its submission date, please contact the professor at the earliest possible convenience and be prepared to provide him or her with official documentation concerning your situation.

Extension Policy for Assignments

The professor will only consider granting an extension in the event of an officially documented extenuating circumstance (that is, serious personal illness, critical personal or family crisis, etc.). If a situation arises that may prevent you from completing an assignment, contact the professor as early as possible, ideally before the assignment is due.
*Computer Problems*

Students are expected to back up their written work and lecture notes (on a USB stick, by emailing them to yourself, by printing them out, by saving them on an app like DropBox, etc.). Extensions will NOT be granted for computer-related issues. Furthermore, students will be responsible for finding replacement lecture notes where they fail to back-up their files.

**University Regulations**

**Cross-listed course**

Please note that a cross-listed course will count in all respective averages no matter under which rubric it has been taken. For example, a PHIL/PSCI cross-list will count in a Philosophy major average, even if the course was taken under the Political Science rubric.

**Academic Integrity and Discipline**

*Academic Integrity:* In order to maintain a culture of academic integrity, members of the University of Waterloo are expected to promote honesty, trust, fairness, respect and responsibility. See the [Office of Academic Integrity webpage](#) for more information.

*Discipline:* A student is expected to know what constitutes academic integrity, to avoid committing academic offences, and to take responsibility for his/her actions. Check the [Office of Academic Integrity](#) for more information. A student who is unsure whether an action constitutes an offence, or who needs help in learning how to avoid offences (e.g., plagiarism, cheating) or about “rules” for group work/collaboration should seek guidance from the course professor, academic advisor, or the Undergraduate Associate Dean. When misconduct has been found to have occurred, disciplinary penalties will be imposed under Policy 71 – Student Discipline. For information on categories of offenses and types of penalties, students should refer to [Policy 71 - Student Discipline](#). For typical penalties check [Guidelines for the Assessment of Penalties](#).

**Grievances and Appeals**

To request a review of your assignment, you must provide a 1 page explanation as to why you think your assignment was improperly graded (i.e. what do you think you did that should have been given more weight?).

**NOTE:** Students must take responsibility for picking up their marked work in a timely manner. No appeals will be considered more than 3 weeks after the assignment/exam was made available for return. *Grades may be either raised, stay the same, or lowered on appeal.* Students who wish to appeal an examination grade should follow the same procedure noted above for assignments.
Grievance: A student who believes that a decision affecting some aspect of his/her university life has been unfair or unreasonable may have grounds for initiating a grievance. Read Policy 70 - Student Petitions and Grievances, Section 4. When in doubt, please be certain to contact the department’s administrative assistant who will provide further assistance.

Appeals: A decision made or penalty imposed under Policy 70 - Student Petitions and Grievances (other than a petition) or Policy 71 - Student Discipline may be appealed if there is a ground. A student who believes he/she has a ground for an appeal should refer to Policy 72 - Student Appeals.

Accommodation for Students with Disabilities

Note for students with disabilities: The AccessAbility Services office, located on the first floor of the Needles Hall extension (1401), collaborates with all academic departments to arrange appropriate accommodations for students with disabilities without compromising the academic integrity of the curriculum. If you require academic accommodations to lessen the impact of your disability, please register with the AS office at the beginning of each academic term.
