XI. Convocation and Applying to Graduate ............................................................ 30
I. Welcome

We are pleased to welcome you to the Department of Political Science at the University of Waterloo! We hope that you find your experience here to be rich and rewarding. This handbook provides a brief overview of some of the most important information you will need as you start out on your graduate student journey – please feel free to let the Graduate Chair, Professor Emmett Macfarlane (emacfarlane@uwaterloo.ca), or Graduate Program Coordinator, Maysah Eid (maysah.eid@uwaterloo.ca), know if you have any questions or concerns.

II. Orientation

a. Graduate Orientation Schedule
   Faculty and department-specific events will be offered early in September. The detailed Orientation schedule will be communicated to you by the Graduate Program Coordinator over the summer. As a new student, you now have access to Waterloo Grad Ready – a virtual program and space to support you as you begin your graduate program.

   It will offer you opportunities to build connections with students, faculty, and staff; resources to help you transition to graduate life; and workshops to support your ongoing graduate experience.

   Our graduate studies community has come together to support you in this new online environment and will add new information and programming throughout the coming months. Please check Waterloo Grad Ready for updates.

b. Faculty of Arts Orientation
   Faculty of Arts students are encouraged to attend the barbecue hosted by the faculty on campus. Dates will be communicated to you by your Graduate Coordinator through email.

c. Political Science General Orientation
   During the Department orientation you will have a chance to meet the Department Chair, Graduate Chair, and Graduate Program Coordinator, as well as receive information on various aspects of being a graduate student, including: Teaching Assistant duties, scholarships, Co-op, the library, and mental health resources. All new students are required to attend.

d. Meetings with the Graduate Chair
   Each student will be contacted by the Graduate Programs Coordinator to set up a meeting time with the Graduate Chair during the first week of classes. The meetings will be approximately 15 minutes in length and will cover, among other things, your course planning, research interests, and any questions you may have.
e. **Scholarship Information Sessions**
Information sessions on application procedures for Ontario Graduate Scholarship (OGS) and Tri-Council Social Sciences and Humanities Research Council (SSHRC) Scholarships will be available to students in mid-September. Representatives from these agencies will present and answer questions. Please check the Graduate Studies and Postdoctoral Affairs website for more information.

III. **Student Responsibilities**

a. **Graduate Student Duties and Obligations**
All graduate students are expected to perform their duties and fulfil their obligations, which include:

- Being courteous and respectful to your peers, faculty, and department staff
- Responding to any emails promptly during your regular working hours
- Checking your office mailbox several times a week (students may receive important HR information, department notices, and inter-office mail from faculty)
- Attending department events (Orientation, Speaker Series, PSCI Awards Ceremony, PSCI Grad Student Conference, PSCI Annual Book Launch, etc.) unless there is a conflict with a class or TA duties
- Notifying your supervisor and the department if you will be away from the campus for more than one week
- Regularly checking in with your supervisor via email especially during research terms.

b. **Academic Integrity**
The purpose of the Graduate AIM is to give all new graduate students the same, basic understanding of academic integrity at UWaterloo. This aggregation of information and resources will help students transition from the expectations of other institutions to the standards of academic integrity at the University of Waterloo.

The Graduate Academic Integrity Module (Graduate AIM) is an online course, managed by the Office of Academic Integrity, which students can access through LEARN.

The Graduate AIM is comprised of a tutorial and a quiz. The tutorial has three primary sections:

1. Crediting Your Sources – plagiarism, citing properly
2. Collaborating with Others – inappropriate collaboration, intellectual property, patents
3. Acting with Honesty – cheating, fabrication, falsification

The quiz requires students to apply the concepts they read about in the tutorial material. Students must receive a mark of at least 75% on the quiz in order to pass the Graduate AIM. They are allowed to retake the quiz if necessary. Students have **eight weeks** from the beginning of the term to successfully complete the quiz.
c. Teaching Assistantships

"Being a Teaching Assistant provided new perspectives and many rewarding opportunities. Moving to the front of the classroom tested my aptitude and knowledge, and allowed me to experience new and exciting facets of academia. A truly invaluable experience for early and passionate researchers."

– Christopher Abbott, MA class of 2016-2017
TA for PSCI 283 and INTST 101

For most students, TAships are a core component of their base funding package. TA assignments will be announced in August for the Fall term, December for the Winter term, and April for the Spring term.

The Centre for Teaching Excellence (CTE) provides graduate students with numerous recourses to prepare for their classroom experience. All students who hold a teaching assistantship should review the extensive collection of teaching tips the CTE offers.

The Department encourages graduate students interested in furthering their teaching practices to enrol in one of the CTE’s teaching certificate programs. All completed certificates will appear as an official milestone on the student’s transcript. It is also recommended that you check the teaching tips for online classes.

TAs will also be required to read the TA Handbook and sign their Graduate Teaching Assistant Agreement, which outlines the responsibilities associated with the employment portion of the TA-ship. It must be submitted to the Graduate Program Coordinator no later than the second week of the academic term in which the TA-ship is held.

Students must have a minimum of 75% average to maintain their TA-ship.

d. Proctoring Duties

As part of their TA duties, students are sometimes required to proctor midterm and final exams. It is recommended that you do not book any flights or make arrangements to leave the campus until the exam period is finished. The exam period for each term is listed in the Academic Deadlines and Events Calendar.

Once the exam schedule is released, please check with the instructor you TA for to see when you will be needed for marking. Please note that you may be assigned to proctor a course for which you are not the usual TA.

e. Payroll and Workday

Students hired as Teaching Assistants or Research Assistants are required to complete an onboarding process through Workday, the University of Waterloo’s HR system.
Steps to complete the onboarding process

1. Once you are hired into Workday, you will receive an email to claim/confirm your WatIAM system identity from watiam@uwaterloo.ca.
2. Using your WatIAM, log in to Workday to complete the onboarding items in your inbox. View the Workday User Guides (New Employees > Onboarding) for step-by-step instructions.
3. You will need to enter your personal information, tax forms, SIN number, and banking information in order to be paid through direct deposit.

Graduate students who have completed onboarding in a previous term will be prompted to verify or update their information. If you need assistance, please contact hrhelp@uwaterloo.ca or 519-888-4567 ext. 4593.

Important note: Two-factor authentication (2FA) is now mandatory for most central services. You must sign up for 2FA to gain access to Workday and if you are not, you will see an error message. Learn how to sign up on the 2FA website.

TA and RA positions are considered employment by UWaterloo and therefore positions are subject to Federal and Provincial income tax regulations.

f. Mandatory TA Training
   Your online TA training will be completed in the Teaching Assistant Training site in LEARN. TAs are asked to complete the following mandatory modules:
   
   • Preparing to TA at Waterloo
   • Supporting Student Mental Health
   • Giving and Receiving Feedback

   You must complete the TA training modules by **September 15**. Your completion records will be shared with your department. Please submit proof of completion of each module to your Graduate Programs Coordinator by email.

   Please contact cte-grad@uwaterloo.ca if you encounter any trouble accessing the LEARN site.

g. Mandatory Safety Training
   The training modules below are required for compliance with the Accessibility for Ontarians with Disabilities Act (AODA). All employees, whether full-time, part-time or contract are required to take this training.

   For compliance with Ontario’s Occupational Health and Safety Act, the following online training is considered mandatory for all employees:
**Employee Safety Orientation**

- Go to the LEARN home page.
- Login using your University of Waterloo nexus username and password (same as WatIAM).
- Click the "Self Registration" link at top of page
- Select "Employee safety orientation (SO1001)" from the list.
- Note: if you receive a "not authorized" error, contact LEARN support to have your User ID added to LEARN.

**Accessible Customer Service**

- Go to the LEARN home page.
- Login using your University of Waterloo nexus username and password (same as WatIAM).
- Click the "Self Registration" link at top of the page
- Select “Accessibility Training” from the list – you have the choice of reviewing the transcript for all sessions or completing the interactive modules online

**WHIMIS 2015**

- Go to the LEARN home page.
- Login using your University of Waterloo nexus username and password (same as WatIAM).
- Click the "Self Registration” link at top of page
- Select "Employee WHMIS 2015" from the list.

**Workplace Violence Awareness**

- Go to the LEARN home page.
- Login using your University of Waterloo nexus username and password (same as WatIAM).
- Click the "Self Registration” link at top of page
- Select "Workplace Violence Awareness (SO1081)" from the list.

Note: if you receive a "not authorized" error, contact LEARN support to have your User ID added to LEARN.

Once you have completed the above training, please provide the Graduate Program Coordinator with proof of completion. A screen shot from your Workday account (go to Learning in the application menu, then More under the Progress menu, then Learning History) or LEARN account showing you have completed the training is sufficient. You will not be able to begin your TA duties until all 4 modules have been completed.

**h. Tuition Payment | Fee Arrangement**

Student Financial Services will post your tuition fees on QUEST approximately one month prior to the beginning of each term. Payment/fee arrangements can be made through an online banking payment, by certified cheque, through payroll deduction (with a promissory note) for Teaching Assistant (TA)/Research Assistant (RA) earnings, and from scholarship/bursary payments. For more information about tuition fees, fee arrangements, promissory note, and payment deadlines refer to the Student Financial Services website.

If you require a confirmation of funding letter for TA/RA earnings, please contact the Graduate Program Coordinator once you have received a notice from Student Financial Services regarding Fee deadlines. Confirmation of funding letters are only required if your funding does not appear as anticipated aid in Quest.
i. Email

All students are required to set up their UWaterloo email account. All program related messages will be sent to your UWeterloo email account only. **Any problems arising from the failure of a student to check their email in this account will be the full responsibility of the student.** If you would rather use another account, please setup your UWaterloo account to forward to your personal account.

IV. Getting Started

a. WatIAM Student Account

Students setup their WatIAM account during the application process. This username and password gives you access to all UWaterloo applications, such as email, computer network and wireless internet access, LEARN, and **Quest** (information system for student registration, financial aid, and personal information).

b. Student Card (WatCard)

Visit the WatIAM Office (in the Campus Tech Shop in the Student Life Centre) at the beginning of term to pick up your student card. You will need to show a valid piece of photo ID. The WatCard is your one card to access many facilities and services both on and off campus. You will use it daily for food purchases, photocopying, Physical Activities Complex access, libraries, Grand River Transit bus use, and computer labs.

During the virtual classes term, you can apply for your WatCard online. There is an option for picking up your card on campus or requesting a remote learning WatCard if you will be studying remotely and not living in the area.

c. Graduate Student Association (GSA)

University of Waterloo students are members of the Graduate Student Association and are encouraged to contact them for information regarding related services and events.

d. Political Science GSA (PSGSA)

In addition to the GSA, Political Science students have the opportunity to join the PSGSA. The PSGSA is entirely student organized and run; elections occur each year for the position of President, Vice President, Treasurer, and, if there is enough interest in the cohort, an executive committee.

There are three Department of Political Science-related responsibilities the PSGSA runs/organizes each year:

1. Meet the Professor night (usually hosted at the Grad House in October)
2. Graduate Student Conference (usually held in early March – Faculty Advisor: Dr. Anna Drake)
3. Inquiry and Insight Graduate Student Journal (this can include papers presented at the Graduate Student Conference, or can be its own entity — to be completed by the end the cohort’s third term, or start of the fourth – Faculty Advisor: Dr. Anna Drake)
The PSGSA is also responsible for hosting social events for Political Science graduate students throughout the year. Social events should be inclusive for all PSCI grad students to attend.

The Treasurer will be given access to the PSGSA RBC bank account. Funding for the PSGSA is provided on a term basis by the GSA. Additional funding can be requested through the Faculty of Arts, PSCI Department, or the GSA Graduate Studies Endowment Fund.

The PSGSA is also tasked with electing a student representative to attend most* Graduate Committee meetings. This student must commit to Graduate Committee meetings for the full academic year (three terms). They are responsible for keeping the cohort informed of relevant updates, and for reporting any questions/concerns the cohort may have to the Graduate Committee.

* Due to the sensitive and confidential information shared during the admission process, the student representative will not attend any Graduate Committee meetings pertaining to admissions.

e. Office Space

All graduate students in the Department of Political Science have access to the Graduate Student Office (HH 346). The Graduate Program Coordinator will provide you with your key code access for the room.

Please remember that the office is a shared space intended for graduate student use only. Outside of TA office hours, undergraduate students should not be in the office. For security reasons, please make sure the door is shut and locked if you are the last one to leave.

First year PhD students will have access to two additional office spaces: HH 350 and HH 351. A physical key will be required for these spaces.

f. Mailboxes

Each student will be assigned a mailbox in HH 346. Please be sure to check it at least once a week.

g. Computing Facilities

Graduate students have access to the printer in HH 346. The Department will provide two reams of paper at the start of each term. Outside of this, ink and paper for the printer are the sole responsibility of the students, funded by the PSGSA budget. Please note that HH 346 is for Political Science Graduate students only. Graduate students also have access to the computer labs managed by the Arts Computing Office.

h. Printing & Copying

Dana Porter Library and David Centre Library offer printing resources for students. W Print also offers printing options. A copier that is available 24 hours is located in the Student Life Centre on the first floor.
V. Registration and Enrolment

a. Quest (Student Information System)
You will use Quest to register for classes, update your address, view your tuition account, and your unofficial transcript.

New students only have access to Quest after they have been issued an Offer of Admission and their status is listed as 'Matriculated'. Students who have outstanding admission conditions do not have access.

*Having difficulties using Quest?*

- *How do I...? instructions for using Quest*
- Email support: gsquest@uwaterloo.ca

b. Course Enrolment Period
Course enrolment at the University of Waterloo is done on a term-by-term basis, and will begin approximately one month prior to the start of each term. During the course enrolment period, graduate students can add and drop classes using Quest. Please note the following important details:

- Email the Graduate Program Coordinator for permission to enroll in graduate classes labelled *Instructor/Department Consent Required*.
- Graduate students who are not fee arranged and have enrolled in classes will have their classes dropped at the end of the third week of classes (end of class enrolment period).
- Graduate students who wish to drop a class after the enrolment period ends may do so, but a grade of *Withdrawn, no credit granted* (WD) will be applied and the class will remain on the transcript. Note that WD is not an academic penalty.
- Please see the Graduate Studies Academic Calendar for a complete list of important academic dates, including open course enrolment for graduate students.
- Outside of the course enrolment periods listed in the Graduate Studies Academic Calendar, students with special circumstances can petition to drop or add a class using a course drop add form (Graduate Studies forms website)

If you are unsure which courses you would like to take, students are encouraged to discuss their options with their faculty supervisor or the Graduate Chair. You can also consult the Schedule of Graduate Classes for information on courses offered each term.

c. Declare Supervisor Form
If you change supervisors at any point in time during your studies, you need to obtain signatures from both your current and new supervisors using the Change of Supervisor form and submit the signed copy to your Graduate Programs Coordinator.
d. **Drop-Add Form**

Complete the [Drop-Add form](#) when adding, dropping, or making course changes after the registration deadline; auditing a course; or enrolling for undergraduate courses. You will need to sign it, have the instructor sign it, and submit it to the Graduate Program Coordinator.

Students are encouraged to finalize all course changes within the first week of the term. Once a course starts, any course assignments (and associated grades) missed prior to enrolling in the course will be forfeit.

e. **Reading Courses**

Reading courses may supplement regular offerings in the program, although it is understood that they will be approved at the discretion of the Graduate Chair. Students will normally be permitted to take **one** reading course as part of their PhD degree. Arrangements and faculty approval must be completed no later than two weeks after the beginning of the term. The deadline for submitting a reading course form is September 20 (Fall), January 20 (Winter), May 20 (Spring). Please note, due to faculty workload commitments, not all requests, even when otherwise justified, can be accepted.

**Formal Approval**

Once you and the faculty member agree to a reading course, you will need to fill out a Reading Course form. When the faculty member is satisfied with the reading course proposal, the form is signed and submitted to the Graduate Program Coordinator.

**Registration in a Reading Course**

Once the reading course proposal has been approved, the Graduate Program Coordinator will email you a permission number. Please register ASAP after receiving this number.

**Adding a reading course on Quest is the same as adding an in-class course:**

1) Enter the four-digit class number in the field box provided
2) TAB out of the field (do not use the enter key)
3) This will prompt a blue link (subject name and number) beside the field box, select this
4) This will open the page where you will enter the permission number
5) Submit the request

f. **OVGS Courses**

An [Ontario Visiting Graduate Student](#) (OVGS) form must be submitted to the Graduate Program Coordinator if you wish to take a course at another Ontario university (such as Wilfrid Laurier University). You will indicate the course(s) to be taken and the term during which the course(s) is/are offered at the host university.

Enrolment is not complete until the form has been approved by the Department Chair and Graduate Dean of both the home university and host university. PhD students will normally be allowed to register for one OVGS course during their program.

Course(s) selected must be at the graduate-level and there must be no comparable course(s) offered at the University of Waterloo. The course(s) selected must be required for your degree program. Courses may not be taken as "extras" or "audits". Students must obtain at least a 75% (B) in any course taken at another university.
VI. Introduction PhD in Political Science at the University of Waterloo

The PhD in Political Science is a new research program that integrates rigorous requirements and training consistent with disciplinary norms while offering innovative features, flexibility, and professional development designed to prepare students for both traditional academic careers and non-academic career paths.

a. Core Program Options
   
i. Regular Stream
   All students enter the program in the Regular Stream, which features the completion of six graduate-level courses (0.5 credit weight), a comprehensive exam in the student’s major field and either a 2nd comprehensive exam (if doing a second field) or the completion of an analytical essay (if doing a custom concentration), mandatory professional development milestones, a thesis proposal and oral defence, and a thesis and oral defence. These are the requirements for all students whether or not they opt into one of the add-on streams.

   ii. Experiential Stream add-on
   Students have the option of to take the Experiential Stream which features either the co-op option or an internship (such as a Mitacs placement), and additional professional development modules. Students in the co-op program will complete 12 months of placement, which is on top of the traditional four-year academic program. An alternative to the co-op program is an internship of 4-8 months.

   iii. Teaching Stream add-on
   Students can also opt into the Teaching Stream, featuring additional professional development requirements and a mentored teaching experience (normally this will include the opportunity to teach a course at the University of Waterloo, although be advised that this depends on departmental needs and available resources).

b. Diversity, Equity, and Inclusion Statement
   The University of Waterloo seeks to reflect diversity in its student population, teaching, and training. Applications are welcome from qualified individuals of all ages, gender identities, cultural, racial, ethnic, and religious backgrounds, sexual orientations, and abilities. We believe in creating a departmental culture that embraces unique individual attributes and fosters a diverse and inclusive environment. To do so, we plan to engage in continuous and active efforts to remove barriers, address inequities, and promote reconciliation.

   For more information on human rights, equity, and inclusion at the University of Waterloo, please visit the Equity Office Website. If you are in need of support, or you wish to increase your knowledge, skills, or capacity on equity issues, please explore the University of Waterloo Equity Office’s Resources and Tools.
### VII. Overview of the Program

b. Program Requirements and Milestones

i. Core Courses

All students take six graduate courses in their first year. All courses offered by the Department are ‘graduate only’ (limited to MA and PhD students). These include two ‘core’ courses in one of the program’s major fields, two courses in the student’s second area (which may be another of the three major fields or a custom concentration based on existing electives), a mandatory team-taught methodology course, and an elective.

Research Methods: PSCI 600 is a team-taught course covering units on quantitative and qualitative methods in political science. Students will be exposed to instruction from two different faculty members and will receive a foundational basis for understanding a diverse array of methodological approaches in the discipline.

Core courses: Core courses are designed to help prepare students for comprehensive field examinations in their major field by instilling the advanced theoretical and empirical foundations of Canadian Politics (PSCI 661 Canadian Political Institutions, PSCI 662 Canadian Political Process), International Relations (PSCI 610 International Relations Theory, PSCI 611 Current Issues in International Relations) or Political Economy (PSCI 690 Theories of Political Economy, PSCI 691 Developments in Political Economy).

Elective courses: A suite of electives will be offered each year. These courses will enable students choosing to do their second field as a custom concentration to tailor the content based on coursework. Electives will also help students to fill background gaps for proposed research, provide more detailed understanding of an important area of study, or broaden students’ base of advanced understanding. (For example, PSCI 633 Canadian Public Policy).

ii. PhD Core Professional Development Seminar (all students, regardless of stream)

All students will be required to complete six mandatory modules in professional development:
1. Research design and methods (half-day seminar, in the department, including peer presentations, normally completed in the Fall of Year 2)
2. Conducting literature reviews (presentation in co-operation with the Writing Centre. Normally completed in the Fall of Year 2)
3. Planning and best practices in fieldwork (half-day seminar, in the department. Normally completed in Fall of Year 2)
4. Conferencing best practices (half-day seminar, in the department, including writing abstracts, preparing conference presentations, being a good discussant. Normally completed Winter of Year 2)
5. Careers in political science and translating skills for a non-academic job market (half-day seminar, in the department. Normally completed in Winter of Year 2)
6. Communicating research to a broader audience (half-day seminar, in the department, normally completed after completion of dissertation proposal defence. Normally completed in Winter of Year 2)
• **PhD Additional Professional Development Workshops for Regular Stream**

Students in the regular program will complete 3 additional elective modules from the following list in order to complete the **PhD Professional Development Seminar milestone**:

1. Practice job talk / job interview (offered by the department)
2. Workshops or courses providing additional training in social science methods (with approval by the Graduate Chair)
3. Completion of CTE workshop aimed at graduate students (with approval by the Graduate Chair)
4. Completion of a relevant MITACS Edge workshop/course (with approval by the Graduate Chair)
5. Completion of a relevant Writing and Communications Centre workshop (with approval by the Graduate Chair)
6. Completion of a relevant Centre for Career Action workshop (with approval by the Graduate Chair)
7. Completion of a Counselling Services workshop on mindfulness, cognitive therapy, or practical skills to reduce anxiety
8. Completion of any course or workshop relevant to professional development offered by a campus partner (with approval by the Graduate Chair)

• **PhD Teaching Seminar for Teaching Stream**

Students in the teaching stream will complete the **PhD Teaching Seminar milestone**, composed of the following modules:

1. Complete the Centre for Teaching Excellence Fundamentals of University Teaching Program.
2. 2 Guest Lectures in Political (students will receive automatic credit if they have the opportunity to teach their own course).
3. Develop a syllabus for a (real or prospective) political science course.

• **PhD Experiential Seminar for Experiential Stream**

Students in the experiential stream will complete the **PhD Experiential Seminar milestone**, composed of the following modules:

1. Reflective practices in experiential learning (half-day seminar, in the department, to be completed prior to the co-op term or internship/placement)
2. Writing resumes (workshop offered by the Career Centre, to be completed prior to the co-op term or internship/placement)
3. Workshop on parallel career planning (offered by the Career Centre)
4. One or more modules offered by MITACS or other campus partners, such as those featuring networking skills, foundations of project management, writing strategic business reports, or any seminar or workshop with the approval of the Graduate Chair.

### iii. PhD Comprehensive Examinations

Students will complete a written comprehensive field examination in their first (major) field, followed by a mandatory oral defence before a committee of three faculty members (usually taking place 1-2 weeks after the written exam). The written exam will be based on coursework as well as a reading list determined by relevant faculty. It will be a sit-down, 4-hour exam consisting of three essay questions. For students on a standard full-time schedule, this comprehensive exam will normally be written early in the fall semester of the 2nd year of the program, with the oral defence scheduled 1-2 weeks after writing. Students will also complete
an exam on their second field, scheduled at least two weeks after the first exam, or if doing a custom concentration, a review essay broadly addressing the major theoretical debates, methodological hurdles, or substantive problems posed by existing scholarship in the field. The review essay, of approximately 3,500-5,000 words, will be assessed by two faculty members.

Students will write a thesis proposal (approx. 25-40 pages in length) situating their research question(s) in the extant literature, outlining their approach, theory, scope, and research methodology, and explaining the original nature of their contribution, along with a timeline and proposed chapter outline. The proposal will be subject to an oral defence before a committee including the student’s supervisor and two other faculty members. The thesis proposal should be defended in the Winter term of Year 2.

v. PhD Thesis & Defence
Students will have choice in the format of their thesis. Students may choose a traditional dissertation (ranging from 200 to 350 pages in length), or a ‘publication model’ consisting of at least three sole-authored works of publishable quality, at least one of which has been submitted to a traditional, peer-reviewed outlet (other publications might include research reports for think tanks, etc.), and including an original introduction, conclusion and any necessary bridging chapters to reflect a coherent project. In rare cases, and with the approval of the student’s supervisor and the Department’s Graduate Committee, students may opt for a non-traditional thesis that meets the standards of an original doctoral-level contribution to knowledge, but in a different form (for example, a documentary). The Department is especially cognizant of the potential for alternative approaches to knowledge-generation and dissemination, such as Indigenous approaches to knowledge, as something to be accommodated on a case-by-case basis.

Normally, students should complete and defend the dissertation within four years of starting the program. Regardless of format, the thesis will be subject to an oral defence before a committee, including the supervisor, two other Political Science faculty members, an internal-external examiner from another department/program at the University of Waterloo, and an external examiner.

When a dissertation is completed to the satisfaction of the supervisor, the thesis will be referred to the other members of the supervisory committee. Committee members may be involved in the process earlier if the topic warrants it. After all committee members are satisfied with the dissertation, including completion of revisions recommended by the committee, an oral defence will be scheduled.... once the supervisory committee has approved a final draft, the student’s supervisor should send it to UW’s Academic Director for the PhD, along with (i) a ranked list of internal/external reviewers and external reviewers. The lists should include short biographical details and contact information for each individual. Conflict of interest rules apply to the selection of all reviewers. Guidelines are posted on the university’s website (https://uwaterloo.ca/graduate-studies-postdoctoral-affairs/current-students/thesis/phd-thesis-examination-regulations).

**Thesis formatting and submission**
Students **must** review the Thesis Regulations and Guide for proper formatting. Theses formatted incorrectly will **not** be accepted.

**Front matter**
Roman numerals should be used for the Front Matter content.
<table>

**Table of Contents**

Everything after the Table of Contents page needs to be listed on the Table of Contents. The Introduction begins on page 1 (bottom centre pagination).

Title page must read as follows:

Title of thesis

by

Full name of author (name must appear as it does on Quest)

A Thesis

presented to the University of Waterloo

in fulfilment of the

Thesis requirement for the degree of

Master of Arts

in

Political Science

*Please note text should be centered on your page.*

**Author's Declaration must read as follows:** I hereby declare that I am the sole author of this Thesis. This is a true copy of the Thesis, including any required final revisions, as accepted by my examiners.

I understand that my Thesis may be made electronically available to the public.

**Full Procedural Guidelines can be found on the GSPA PhD Thesis Examination Regulations website.**
Here are some helpful links to learn more:

- Examination committee members (including the external examiner): Visit the PhD thesis examination regulations section on the PhD thesis examining committee for more information about the committee members, including information about the external examiner and conflicts of interest.
- Thesis defence decisions and outcomes: Visit the PhD thesis examination regulations section on decisions for additional information about decisions and outcomes.
- Thesis submission: Visit the thesis submission webpage for information about the thesis submission process, including approvals that must be obtained before submitting your thesis.
- UWSpace: Visit the Library’s UWSpace webpage for information about what UWSpace is and how to submit, or deposit, your thesis to UWSpace.

**Early planning considerations**

Well before your defence date, there are several considerations to think about that can help make the end stages of your degree go smoothly and ensure your defence date and degree completion are not delayed:

**Review the thesis formatting guidelines early**
Being aware of formatting requirements will save you time on revisions later on – the last thing you want to be doing before submitting your thesis to UWSpace is updating page numbers or your table of contents! Consider using the Microsoft Word or LaTeX thesis template produced by Information Systems & Technology.

**Ask about copyright, closed examinations and thesis embargoes**
If you are using third-party content, including your own previously published work in your thesis, or seeking intellectual property protection (for yourself or another involved party), there may be implications for your thesis or defence. Learn more about copyright for your thesis, and email copyright@uwaterloo.ca for help with copyright questions related to your thesis.

**Confirm how your thesis draft will be approved for defence**
Depending on your departmental or discipline’s norms, you may require approval from your entire committee, or just your supervisor. Ensure you talk with your supervisor and/or committee early on to confirm processes and timelines, so you’re not surprised later.

**Confirm your examining committee**
Depending on your departmental or discipline’s norms, your supervisor may select an external examiner themselves, or they may seek your input. Talk to your supervisor early on about this process, as in some faculties the external examiner may need to be vetted and approved as early as the term before you wish to defend. Remember that there are conflict of interest guidelines around the appointment of the external examiner, and the PhD candidate should not be in communication with the external examiner prior to the defence.

**Understand the thesis submission and display period**
A PhD thesis must be on display for a minimum of 4 weeks prior to the defence date. To accommodate, you may need to submit your thesis as early as 6-8 weeks prior to your defence. Review your faculty specific backwards planning tool for the thesis submission deadline in your faculty and learn more about the display period in the PhD thesis examination regulations.
Learn about defence outcomes and timelines for revisions
After your successful thesis defence, you will likely have some required revisions to your thesis. It's important to understand revision timelines, especially if you're hoping to become “degree complete” before a tuition refund or convocation deadline. Find tuition refund and convocation deadlines in the important dates calendar.

Review the UWSpace submission and approval process
Following your thesis defence, there are several steps to be taken before your final, approved thesis is accepted in UWSpace. Ensure that you're aware of these thesis submission steps and timelines in advance.

See Ph.D. Thesis Defence Backwards Planning Tool, Faculty of Arts

Thesis defences are open and advertised to the Department broadly. Faculty, staff, and students may attend the examination. If the protection of intellectual property is sought by the filing of a patent application, the student and supervisor(s) may request a closed thesis examination and/or a restriction on the circulation of the thesis as outlined in the Graduate Thesis Regulations.

Any Faculty attendee of the defence may question the candidate and may, upon request, read the Thesis and submit a report, oral or written, to the Graduate Chair. General conclusions of the report will be given to the examination committee and considered in its final judgement, unless classified as a closed/confidential Thesis.

The thesis examination

1. Examination opens with a short presentation (oral and/or with electronic slides) by the student (30 minutes maximum) focusing on the main contributions and conclusions of the work.
2. The presentation is followed by questioning. The Chair will give priority to questions from members of the PhD Thesis Examining Committee and any member of the university who has submitted written questions in advance. The oral examination should be structured in such a way that a period is set aside at the end of the examination for questions from non-Committee members. If the Chair of the PhD Thesis Examining Committee is unsure of the appropriateness or relevance of a question, they should ask the members of the Committee whether any of them wishes to have the candidate answer the question.
3. At the Committee Chair’s discretion, other members of the audience are given the opportunity to question the candidate at the end.
4. The examinee (and guests) must then exit the room and leave the committee to deliberate and reach a final ruling.
**Ruling**

The decision of the PhD Thesis Examining Committee is based both on the thesis and on the candidate’s ability to defend it.

The decision of the Examining Committee is made by majority vote. Should the external examiner’s vote differ from that of the majority, or if there is a tie vote, the decision shall be deferred and referred to the Associate Vice-President, Graduate Studies and Postdoctoral Affairs. The Associate Vice-President will consult with the Faculty Associate Deans, Graduate Studies and will make the final determination.

The following decisions are open to the PhD Thesis Examining Committee:

**A. Accepted**

The thesis and the oral defence have been completed to the satisfaction of the examining committee. The thesis may require typographical and/or minor editorial corrections to be made to the satisfaction of the supervisor and submitted and approved in UWSpace within one month of the date of the defence. If more time is required to make these corrections, the Committee should consider whether a Category B decision is merited. If the thesis is not submitted within this timeline, the student will be withdrawn from the program.

**B. Accepted Conditionally**

The oral defence has been completed to the satisfaction of the examining committee. The thesis is acceptable but requires content changes which are minor enough that reexamination is not required. The PhD Thesis Examining Committee’s report must include a brief outline of the nature of the changes required and must indicate the time by which the changes are to be completed. Changes must be completed to the Committee's satisfaction and submitted and approved in UWSpace within four months of the date of the defence or the student will be withdrawn from the program. At least two members of the Committee must confirm that required changes have been made.

Any extension to the time limits for A or B must be requested in writing and approved by the Graduate Chair and Faculty Associate Dean, Graduate Studies.

**C. Re-examination**

Re-examination is required in either of the following situations:

- The oral defence is not to the satisfaction of the Examining Committee. The PhD thesis examination requires that the candidate demonstrates their mastery and expertise and engages meaningfully in scholarly discourse in their chosen area. If the candidate fails to satisfy these requirements, the Examining Committee may require re-examination. The PhD Thesis Examining Committee’s report must contain a recommended set of activities that aims to improve the candidate’s abilities to present their research and respond to inquiries related to their studies.
- The written thesis requires modifications of a substantial nature, the need for which makes the acceptability of the thesis questionable. The PhD Thesis Examining Committee’s report must contain an outline of the modifications expected and indicate the time by which the changes are to be completed. In this case, the revised thesis must be resubmitted to the Faculty Graduate Office for re-examination.

Re-examination must occur within one year of the date of the first defence. Normally, re-examination will follow the same procedures as for the initial submission except that the display period may be reduced or eliminated at the discretion of the Associate Dean. Normally, the same PhD Thesis Examining Committee will serve, with the exception that
in some circumstances, a new External Examiner can be found. A decision to reexamine is open only once for each candidate.

**D. Failed**
If after reexamination the candidate does not achieve Category A or B, then the student will be withdrawn from the program. The PhD Thesis Examining Committee shall report the reasons for rejection to the Faculty Associate Dean, Graduate Studies, who will confirm the decision in writing to the student within one week of the date of the examination, as well as the requirement to withdraw.

**Final submission**
After a successful thesis defence, and once final revisions have been made, students will upload their thesis to UWSpace. Theses submitted electronically will be indexed by the Library and the National Library, and will be accessible electronically.

Instructions for submission can be found on the Graduate Studies [Thesis submission](#) webpage.

**Copy/Binding**
Students may choose to have any personal copies of the approved thesis bound privately or through the services provided by [W Print](#) at the University of Waterloo.

c. **Major Fields**
There are currently three major fields all students must select from: Canadian Politics, International Relations, and Political Economy. As noted, students must take the two core courses in their major field.

d. **Secondary Fields**
For their secondary field, students may complete either a 2nd major field or a 'custom concentration' based on coursework in a designated area of the discipline (comparative politics, democratic theory, public policy, gender and politics, etc.) or a subfield of their major field (security, rights, etc.). Students must take two courses that ‘fit’ their custom concentration, subject to the approval of the Graduate Chair and the student’s supervisor.

**VIII. Advice and Evaluation**

a. **Advice and Counsel**
Upon entry into the program, all students receive, along with this Handbook, a series of orientation emails that contain important information regarding course registration and selection and getting started. In addition, our department’s informational orientation and start-of-program one-on-one meetings with the Graduate Chair will help answer any academic questions you have about the program.

Throughout their time in the program, students will also enjoy the support of their supervisor, course faculty, and the graduate chair to advise on matters relating to the program and their own progress.
b. Grades and Evaluation Practices
As with most graduate courses at the University of Waterloo, required coursework is usually formally graded on a numerical scale, out of 100. In most of these courses, the instructor also provides personalized evaluative remarks in response to oral presentations, term papers and other written submissions, and any examinations. **Students are required to maintain and 80% average in all courses.**

c. Year-End Review and Evaluation (Progress Reports)
At the end of every academic year, in April, each student undergoes a year-end evaluation, meeting with their supervisor and must write a short (often 1-3 page) progress report that is approved by the Graduate Chair.

Your progress reports are filed internally as evidence of your progress and standing in the program. Progress reports are crucial to obtaining program extension approvals from the Faculty of Arts should you need to extend your studies beyond term 12.

d. University Regulations on Petitions, Grievances, and Appeals
The University policies that relate directly to student petitions, grievances, and appeals are Policy #70, Policy #33, and Policy #72.

**Policy 70 – Student Petitions and Grievances**
A petition is a request by a student seeking exception from a normal faculty or University rules and regulations. Examples of petitions include adding or dropping a course after the deadline or a petition to increase or reduce course load. Policy 70 outlines the procedures for filing a petition. Policy 70 also covers student grievances. Whereas a student petition acknowledges that rules and regulations were applied fairly, and the student is asking for an exception to be made, the fundamental criterion for initiating a grievance is that a student believes that a decision of a University authority or the action of a faculty member or staff member of the University affecting some aspect of his/her University life has been unfair or unreasonable. Examples of the types of issues for a student grievance that can be reported include allegations of an error in academic judgment on the part of an instructor or that the method of evaluation was not fair and reasonable, or that the instructor deviated substantially from the course outline without reasonable notice. Policy 70 lays out the procedures for filing a petition or a grievance and describes the processes by which such a petition and grievance would be adjudicated.

**Policy 33 – Ethical Behaviour**
Any grievance by students, staff, and faculty members that violates the principles of academic freedom or human rights is handled under Policy 33, rather than Policy 70. Examples include any grievance relating to discrimination, harassment, sexual harassment, or workplace harassment.

**Policy 72 – Student Appeals**
This policy lays out the grounds and processes for a student appeal. For example, a student can appeal a discipline penalty imposed under Policy 33 (Ethical Behaviour). The policy also lists the procedures and paperwork needed to file an appeal.
e. **Funds Available**
   The university provides some support to help with the costs of travel to give conference presentations. See the Graduate Programs Coordinator, for current information.

f. **Presence in the Department**
   We expect students to commit themselves to their work in the program and to be available for classes, training sessions, supervision, meetings with supervisors and other faculty etc. Students will be assigned a Teaching Assistantship which will have requirements for availability for marking, office hours, exam proctoring, etc. The Fall and Winter terms are especially busy with these responsibilities, and we expect students to be available in these terms; vacations during these terms are discouraged.

g. **Leaves of Absence**
   For a variety of personal reasons students occasionally elect to take a leave of absence from the program. Students who wish to take a leave from the program should communicate their intention to their supervisor and to the Graduate Studies Program Coordinator, who will advise you of steps to take. You will need to complete the *Change of Enrolment Status form* and submit it to your Graduate Programs Coordinator. A personal leave of a single academic term can be arranged once during graduate school training with minimal supporting documentation. Maternity leaves are typically of 12 months duration. Other leaves longer than one term will need to be supported by official documentation and may well affect scholarship funding status. Be sure to consult with the Graduate Studies Program Coordinator when considering a leave; it may be advantageous to withdraw from the program entirely for a period if the student is contemplating a lengthy leave.

h. **Absence Due to a Medical Issue**
   As a student, should you find yourself in a situation where a medical leave (e.g. physical or mental health) is required, you are responsible for submitting the *Change of Enrolment Status form* to your Graduate Programs Coordinator, indicating ‘medical leave’ as a reason for changing your enrolment status. No additional information is required by the program contact (including your supervisor).

   All medical information is collected, in confidence, by AccessAbility Services through a secure process, as outlined below, and your student record is updated by Graduate Studies and Postdoctoral Affairs (GSPA) appropriately, after the verification process is completed by AccessAbility Services. This process assures that your medical records remain confidential and ensures compliance with human rights legislation.
IX. Department Engagement and Events

Department events include, but are not limited to, Orientation, the Department Speaker Series, and the Annual Graduate Student Conference. Students are expected to attend all events unless there is a conflict with lectures or TA duties.

* Note: whether certain events are held this year, and under what circumstances, are subject to pandemic conditions.

a. Meet the Prof Night
The PSCI Grad Student Association (PSCI GSA) organizes this event as a way for graduate students to meet and interact with Department faculty members. The event takes place on-campus during the Fall term.

b. Award Ceremony
In October, the Department holds an Award Ceremony. This event celebrates the academic achievements of graduate and undergraduate students in the Department. The event takes place in the late afternoon and all graduate students are invited to attend.

c. Speaker Series
The Speaker Series is an intermittent event where invited faculty members and significant political speakers present on different topics in politics. This event is organized by the Department on a monthly basis during the Fall and Winter terms and lunch is provided.

d. Graduate Student Conference
This is a one-day conference organized by the PSCI Graduate Students (usually an organizing committee of 4 or 5 students) in March of each year. It aims to engage students from across Canada with a broad range of research interests. Under the guidance of a faculty member (Dr. Anna Drake), students will put out a call for papers, arrange panels, and invite a key-note speaker. The Graduate Program Coordinator assists with administrative and budgetary support. Graduate students are also strongly encouraged to present their own papers.

e. Annual Book Launch
In March, the Department holds an Annual Book Launch. It is organized by the Department and hosted at the Grad House, to celebrate major publications by faculty members. The event aims to bring attention to the dedication and hard work done by faculty members. It is also a great networking opportunity for graduate students. Food is provided and books are given away to students.

f. Inquiry & Insight: The Graduate Student Journal of Political Science
The PSCI Graduate Student Journal has been published for the last 12 years. For the past several years papers that were submitted for the conference were used in the Journal. Normally 3 students, in consultation with a faculty member (Dr. Anna Drake), edit and publish the journal.
X. Resources

a. Campus Wellness
Campus Wellness services are available to all students who may require mental or physical health aid. Do familiarize yourself with the complete list of services offered through Campus Wellness.

Counselling Services is located on the second floor of the Needles Hall expansion. For assistance, or to book an appointment, please call 519-888-4567 ext. 32655. Please visit the Hours page for more information about specific service hours. Walk-in appointments are available.

If urgent assistance is needed, you can contact Good2Talk at 1-866-925-5454.

b. The Centre
The Centre is a go-to place for a number of student administrative needs. Students can order official documents, drop off forms, change their personal information, receive financial advice, get answers to a wide range of miscellaneous questions, and so much more!

c. Faculty
Faculty members are a great resource for graduate students. If you would like to review the research that a faculty member specializes in, or would like to set up an appointment, contact information can be found on our Department webpage.

d. Co-operative and Experiential Education
The Co-operative and Experiential Education centre also offers career advice for all students and staff at UWaterloo.

Students should contact a Career Advisor for support and guidance with searching for both academic and non-academic jobs. Workshops, and individual appointments on a wide range of work search topics, including effective document preparation, interview skills and job search strategies are available.

e. AccessAbility Services
Students can register for services and accommodations provided through AccessAbility Services by using their online system. Some of the Student Services offered include:

- Adaptive technology
- Alternate format texts
- Campus orientation assistance
- Learning strategists
- Student access van

Drop-in appointments are also available for students wishing to meet with an advisor. Appointments are 30 minutes in length and are offered Monday-Thursday 1:30pm-4:30pm. To book an appointment, please call reception at 519-888-4567 ext. 45231 or 47922 or email access@uwaterloo.ca.
f. Library
The University of Waterloo has two main libraries on campus: the Dana Porter (DP) Library and the Davis Centre Library. The DP library is the main library for PSCI students. If you have any questions or need information, you may contact Nancy Collins, Head, Information Services and Resources, Dana Porter Library (Interim contact until a new Political Science librarian is appointed. Contact Nancy by email: ncollins@uwaterloo.ca. For all other inquiries, please visit the library website.

g. GradVenture
GradVenture is a central hub of professional development resources designed specifically for graduate students at the University of Waterloo. It is offered by Graduate Studies and Postdoctoral Affairs, in collaboration with campus partners. (source: GradVenture)

Students are encouraged to regularly check the GradVenture website, or to follow them on Twitter (@GRADventure_UW) for information on upcoming events, workshops, and opportunities to get involved.

h. Writing and Communication Centre
The Writing and Communication Centre offers graduate-specific programming. For quick questions or check-ins, you can visit the Writing and Communication Centre for drop-in appointments.

Other resources offered, include:

- Individual writing appointments
- Workshops
- Grad Writing Café
- Dissertation Boot Camp
- Fundamentals for Writing your Thesis
- Speak like a Scholar
- Online resources
- Writing groups
XI. Convocation and Applying to Graduate

At the end of their program, students must apply to graduate through Quest.

- Select My Academics
- Select the Graduation tab
- Select the Apply for Graduation link
- Select the Expected Graduation Term from the drop-down list
- Review the Graduation Instructions and then select Continue

Students should aim to apply to graduate by:

- For a Spring ceremony: April 1
- For a Fall ceremony: August 1

You must apply online to graduate in order to eligible to attend convocation.

In order to graduate in time, students must have defended their thesis by:

- Mid-March (If aiming to graduate in Spring)
- Mid-July (If aiming to graduate in Fall)

These deadlines are NOT flexible.

See Ph.D. Thesis Defence Backwards Planning Tool, Faculty of Arts

Please note that until the final draft of your Thesis is signed off by your supervisor, and you have: (a) submitted your Thesis to UWSpace; (b) applied online to graduate; your paperwork cannot be forwarded for processing.

It should also be noted that the name printed on the degree document will be the name that appears on Quest. If changes need to be made, please complete a Change of Name form. The form must be submitted to the Graduate Studies Postdoctoral Affairs office.

Students who are unable to attend convocation will have their degrees mailed to them by the Graduate Studies Postdoctoral Affairs office approximately one week after the convocation ceremony. Please make sure your mailing address is up to date on Quest.

For more information on Convocation, please review the Graduate Studies graduation checklist.
