About the Course Author and Instructor

Dr. Christine Logel

Educational Background

Dr. Logel has enduring ties to University of Waterloo. She completed her BA in Psychology and Applied Studies Co-op — a program which has now evolved into Arts and Business Co-op — and then did her PhD in Social Psychology at Waterloo as well, under the supervision of Dr. Steven J. Spencer. After a SSHRC-funded postdoctoral fellowship at University of Colorado Boulder and Stanford University, she returned to Waterloo for a CIHR-funded postdoctoral fellowship in Chronic Disease Prevention. She was hired as an Assistant Professor at Renison in 2011 and promoted to Associate Professor of Social Development Studies in 2016.

Current Research

Dr. Logel studies social psychological processes that contribute to social problems and negatively impact individual well-being. One particular focus has been the effects on people when they are judged in light of negative group stereotypes. Currently, she focuses on developing and rigorously testing brief, targeted social psychological interventions that guide people to face challenges with the most adaptive mindset — one that allows them to tap into the resources available to them, both in their environment and inside themselves.

Teaching Background

Dr. Logel has taught Introductory Psychology, Social Cognition, Personality Psychology, Social Psychology, and Honours Seminars on Race and Gender Equality and on Psychological Interventions. She applies what she learns in her research, focusing on guiding students on how to equip themselves with the skills and resources that can help them flourish in their education and beyond.

Outside of Work

Dr. Logel is a big fan of trampolines, autumn leaves, roller coasters, the Social Development Studies program, and following current events. Where appropriate, she tells people about her invisible disability — a chronic illness — so others know they are not alone.

A student who is unsure whether an action constitutes an offence, or who needs help in learning how to avoid offences (e.g., plagiarism, cheating) or about “rules” for group work/collaboration, should seek guidance from the course instructor, academic advisor, or the undergraduate Associate Dean. For information on categories of offences and types of penalties, students should refer to [Policy 71 - Student Discipline](#).
