Course Description

HRM 200 serves as an introduction to Human Resources Management (HRM) and its contributions to the workplace. Today’s organizations face a myriad of complex issues, such as globalization, demands for increased productivity, strategic planning and compliance with government legislation. In today’s world, “people” provide the competitive advantage and HR policies and practices have a significant impact on the bottom line and overall performance of an organization.

This course will examines HRM as a strategic partner and decision maker in the organization. Among other things, the course will look at the effective management of human capital, the importance of attracting and retaining employees, managing a diverse workforce, recognizing employee rights, and legislative requirements.

Whether or not you have an interest in Human Resources Management as a career, you will at some time in your working career likely be dealing with “people issues” … either your own or somebody else’s. This course will provide you with useful information and helpful insights.

Late Work

If you miss a class, you will still have access to the lecture slides via the course website. You may also ask a classmate for a copy of their class notes in case there was information covered in the lecture that was not on the posted slides. The lecturer will not provide additional notes at any time.

Students who are requesting accommodation for course requirements (assignments, tests, etc.) due to illness should do the following:

- seek medical treatment as soon as possible and obtain a completed UW Verification of Illness (VIF) Form: http://www.healthservices.uwaterloo.ca/Health_Services/verification.html
- submit your completed VIF form to the TA or lecturer within 48 hours.
- (preferably) inform the TA or lecturer prior to the due date for the course requirement that you will be unable to meet the deadline and that documentation will be forthcoming.

In the case of a missed assignment deadline or test, the lecturer will either

1. provide an extension/alternate sitting, or
2. in serious/exceptional circumstances where the conditions permit, waive the course component and re–weight
remaining term work as he/she deems fit according to circumstances and the goals of the course. In the case of bereavement, the lecturer will provide similar accommodations to those for illness. Appropriate documentation to support the request will be required. Students who are experiencing extenuating circumstances should also inform their academic advisors regarding their personal difficulties.

Human Resources Management Plans at Waterloo:

Students interested in employment in the field of Human Resources may wish to pursue the HRM Minor at Waterloo, as well as the Certified Human Resource Professional (CHRP) designation offered by the Canadian Council of Human Resources Associations (http://www.hrpa.ca/OfficeOfTheRegistrar/Pages/certification.aspx). Courses in the HRM Academic Plans at Waterloo provide exemption from required courses for the CHRP designation. Note: The HRPA of Ontario requires an average of 70% in the nine required courses for the CHRP designation with no individual course achieving lower than 65%.

Further information regarding course and average requirements for the various HRM plans, as well as program application information and procedures are available on the HRM website: https://uwaterloo.ca/psychology/human-resources–management–program

Avoidance of Academic Offences:
The Official Version of the Course Outline
If there is a discrepancy between the hard copy outline (i.e., if students were provided with a hard copy at the first class) and the outline posted on D2L, the outline on D2L will be deemed the official version. Outlines on D2L may change as lecturers develop a course, but they become final as of the first class meeting for the term.

Attendance Policy
It is important for students to attend every class.

Institutional–required statements for undergraduate course outlines approved by Senate Undergraduate Council, April 14, 2009

Cross-listed course
Please note that a cross-listed course will count in all respective averages no matter under which rubric it has been taken. For example, a PHIL/PSCI cross-list will count in a Philosophy major average, even if the course was taken under the Political Science rubric.
