

Psychology Minor Requirement Checklist

This checklist is an unofficial version of the requirements listed in the undergraduate calendar to help you track your course requirements. The undergraduate calendar <http://ugradcalendar.uwaterloo.ca/> is the final authority on all plan requirements and it is your responsibility to confirm that you meet all the degree requirements set out in the undergraduate calendar for the year of your academic plan. Students typically follow the academic calendar for the year they declared the minor. Please refer to the [Residency Requirement](#) as well.

Continuation in this academic plan requires a cumulative average in PSYCH courses of at least 65%. Eligibility for graduation with a Psych minor includes successful completion of the following requirements.
