

**Department of Pure Mathematics
University of Waterloo**

Postdoctoral Fellowship

The Department of Pure Mathematics at the University of Waterloo invites applications for a two-year postdoctoral fellowship to begin on July 1, 2017. The duties are to engage in research activities and teach two one-semester long courses each year within the Faculty of Mathematics at the University of Waterloo. The salary will be \$50,000 per year.

Preference will be given to applicants whose research interests and expertise fit within one of the research groups in the department and whose application is supported by a potential supervisor in the department. For more information about the research activities of the department please see: <https://uwaterloo.ca/pure-mathematics/research>

Applications will be received only through MathJobs. A complete application consists of a curriculum vitae, a short statement of research interests, and four letters of recommendation, one of which should address teaching. Applications should be received by January 2, 2017.
