Lebesgue Integration and Fourier Analysis
PMATH 450/650
Spring 2020

Instructor information
Prof. Kathryn E. Hare
Email: kehare@uwaterloo.ca
"Office" hours - TBD

Course information

Textbook: No required text. The textbook, Real Analysis by Bruckner, Bruckner and Thompson, is freely available on line.

Marking scheme: I anticipate the marks will be based upon 10 weekly assignments. The assignments will be managed through Crowdmark. There will be an additional project for graduate students.
