

**Department of Pure Mathematics
University of Waterloo
Assistant Professor in Pure Mathematics**

The Department of Pure Mathematics in the Faculty of Mathematics at the University of Waterloo is seeking an exceptional scholar and researcher for one tenure track position at the rank of Assistant Professor with an anticipated start date of July 1, 2027. While outstanding candidates from all areas of pure mathematics will be considered, the Department is particularly interested in applicants working in number theory, algebra, or topology. A PhD degree and evidence of excellence in research and teaching in pure mathematics are required. In particular, the successful applicant will have an outstanding research program or outstanding potential for research, attract and supervise graduate students, and participate in undergraduate and graduate teaching.

The salary range for this position is \$120,000 – \$160,000.

Applications must include a cover letter, a curriculum vitae, a research statement, and at least four letters of reference, one of which should specifically address teaching. It should also include a brief statement of about half a page, identifying the applicant's one or two most significant research contributions, and how they fit into a larger mathematical context. Applicants and referees may submit their applications and reference letters (respectively) online at <https://www.mathjobs.org/jobs/list/28985>. Applications received by November 30, 2026, will be assured full consideration. However, applications will continue to be reviewed until the position is filled.

If you have any questions regarding the position, the application process, assessment process, or eligibility, please contact:

Dr. Rahim Moosa, Chair
Dept. of Pure Mathematics
University of Waterloo

The University of Waterloo acknowledges that much of our work takes place on the traditional territory of the Neutral, Anishinaabeg and Haudenosaunee peoples. Our main campus is situated on the Haldimand Tract, the land granted to the Six Nations that includes six miles on each side of the Grand River. Our active work toward reconciliation takes place across our campuses through research, learning, teaching, and community building, and is centralized within our Indigenous Initiatives Office (<https://uwaterloo.ca/human-rights-equity-inclusion/indigenousinitiatives>).

The University values the diverse and intersectional identities of its students, faculty, and staff. The University regards equity and diversity as an integral part of academic excellence and is committed to accessibility for all employees. The University of Waterloo seeks applicants who embrace our values of equity, anti-racism and inclusion. As such, we encourage applications from candidates who have been historically disadvantaged and marginalized, including applicants who identify as Indigenous peoples (e.g., First Nations, Métis, Inuit/Inuk), Black, racialized, people with disabilities, women and/or 2SLGBTQ+.

The University of Waterloo is committed to accessibility for persons with disabilities. If you have any application, interview or workplace accommodation requests, please contact Dr. Rahim Moosa.

All qualified candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
