

# LEARN TRAINING MODULES: STUDENT INVOLVEMENT ON A RENISON COLLEGE COMMITTEE

To support students who are joining a college committee at Renison, the Student Experience and Housing team have developed online LEARN training modules.

This training is designed to help students better understand the ins-and-outs of boards, councils, and committees at Renison, and how they can make a valuable contribution to committees as a student serving on a committee.

This online training program has multiple components, including:

- An introduction to Renison University College Board of Governors, College leadership, and committees overview
- A "crash course" on parliamentary procedure
- The value of student committee members and tips for thriving as a student representative on a committee

Upon completion of the modules and the final quiz in the course, students will receive a LEARN "badge" to recognize their completion of the course.
