

# Learn about current topics in publication science and gain practical knowledge of tools used in academic writing and publishing.

Visit <https://www.surveymonkey.com/r/JournalologyModules> to access FREE online modules on the topics below.

Time to complete each module: 10-20 minutes

Target audience: At present we have made these courses available to Ottawa Hospital Research Institute researchers and members of the Secretariat for Responsible Conduct on Research Forum members.

Our courses:

- Include pre- and post tests to track your learning
- Allow learners to earn a badge for each completed module
- Allow learners to participate in discussions with other scholars on module topics

**Introduction to Journalology and Open Science**

**Introduction to the Canadian Tri-Agency Framework on...**

**Data Sharing**

**Reporting Guidelines**

**Preprints**

**How to Select a Journal**

**Predatory Journals and Publishers**
