

UWRA Membership Report

AGM May 2017

As of June 12, 2016, our membership was composed of:

- Lifetime members 413
- Annual Members 74
- Total Membership 487

As of May 24, 2017, our membership is composed of:

- Lifetime members 420
- Annual Members (DEC2017) 54
- Annual Members (DEC2018) 5
- 479

There are still 36 members who have not renewed their yearly memberships from DEC2016. We have neither given up or forgotten them. They are still included in most of my email blasts.

Lynn Judge is presently contacting some other institutions to see how our membership percentage compares to theirs. We presently have about – changes constantly – 2144 retirees – our membership is roughly 22% of the total.

This brings us to recruiting – we find the best way of recruiting new members is word of mouth. Please inform your friends – both retirees and upcoming retirees – about the benefits of joining the association.
