Membership activities and initiatives, 2022-2023:

1. Coordinating retiree information with Human Resources -
 - a. Cross-checking contact information for those retirees who have provided permission (e.g., become supporting members) to UWRA;
 - b. Activated a new feature in Workday that will email information about the UWRA to active employees who code 'retirement' at termination;
 - c. Working with HR to identify retirees who request 'no mail' for physical mailings (e.g., retirees who prefer to read the WATtimes online).

2. Established a Privacy Policy that outlines how retiree data and contact information will be treated.

3. Active recruitment of retirees to membership in UWRA (ongoing).
