TERRITORIAL ACKNOWLEDGEMENT
The University of Waterloo acknowledges that much of our work takes place on the traditional territory of the Neutral, Anishinaabeg and Haudenosaunee peoples. Our main campus is situated on the Haldimand Tract, the land granted to the Six Nations that includes six miles on each side of the Grand River. Our active work toward reconciliation takes place across our campuses through research, learning, teaching, and community building, and is centralized within our Indigenous Initiatives Office.

Course Objectives and Description
An integral part of the economic development profession involves critically evaluating and communicating information that is central to decision-making. This course introduces a variety of tools frequently used by economic development professionals, including policy briefs, place marketing strategies, grant/proposal writing, feasibility studies, needs assessments, and program evaluations. These tools are often used to communicate information to a wide variety of stakeholders from councillors and staff, to other levels of government, citizens, businesses, and potential investors. Through lectures, assignments, and critical discussions, students will learn how to: (1) critically evaluate information; (2) present information in a succinct manner; (3) effectively communicate information using multiple platforms; and (4) engage a variety of stakeholders in the economic development process.

SHORT-TERM PLAN
In the event of a short-term (e.g., one-week) cancellation of in-person classes, whether for ECDEV 604 or University-wide, ECDEV 604 will be offered online, synchronously on the scheduled day and time (Wednesdays 11:30am-2:20pm). We will use Zoom and a meeting link will be posted in the announcements on the course Learn site and be shared via email.

LONGER-TERM CANCELLATION PLAN
In the event of a longer-term (e.g., more than one-week) cancellation of in-person classes, whether for ECDEV 604 or University-wide, ECDEV 604 will be offered online, synchronously on the scheduled day and time (e.g. Wednesdays 11:30am-2:20pm). This might include using a flipped classroom model (e.g. some narrated lecture content provided on the course Learn site prior to the scheduled synchronous class time depending on technology). This approach will be communicated via email and posted in the announcements on the course Learn site. We will use Zoom and a meeting link will be posted in the announcements on the course Learn site and be shared via email.

ACCOMMODATIONS FOR STUDENTS WHO CANNOT ATTEND CLASSES DUE TO SELF-ISOLATION
If you are ill and/or required to self-isolate, you will be provided with the option to join ECDEV 604 online synchronously on the scheduled day and time (e.g. Wednesdays 11:30am-2:20pm) (pending the availability of classroom technology) and/or you can receive a narrated version or recorded version of the lecture material and meet with the course instructor to ask questions or discuss content at a mutually agreed upon day and time.

EXPECTATIONS FOR STUDENTS
• Attendance: Students are to attend only the section for which they are registered.
• Absence: Students shall not attend class if they are experiencing influenza-like illness, have been in close contact with someone who is ill, or have travelled outside of Canada within the past 14 days.
• Face coverings: Wearing of face-covering/mask is a requirement in all common areas on campus, including all indoor instructional spaces.
  o As such, no food is allowed to be consumed in instructional space. Beverages are allowed if a straw is used or if the mask is lowered only for a brief period.
  o When a student asks or answers a question it may be difficult for them to be heard while wearing a mask. A student may briefly lower their mask to ask/answer the question and then the mask must be replaced.
• Hand hygiene: Students are expected to practice frequent hand hygiene (handwashing with soap and water or use of hand sanitizer), including immediately before coming into an instructional space
• Seating: Students are permitted to sit where they wish. For fall term, many classes have enrolments only up to 50% of seating capacity. Students are encouraged to sit with one seat left empty between them and other students when possible.

Policy on Late Submissions

Submissions received up to 24 hours after the due date and time indicated above will have a 10 per cent penalty applied to them (of the 100 available per cent for that assignment). Submissions received 24-48 hours AFTER the due date and time indicated above will have a 20 per cent penalty applied to them (of the 100 available per cent for that assignment). Students not handing in their submissions within TWO DAYS of the due date and time will receive a mark of zero on that assignment. Exceptions will be made in extraordinary circumstances (usually related to medical emergencies supported by documentation). Students anticipating that their assignment will be submitted late are encouraged to contact the course instructor at the earliest possible time.

Note on Digital Submissions

Please submit your assignments to the appropriate Dropbox on Learn. By submitting an assignment to Learn, you are agreeing to the following:

- You have properly referenced and footnoted all ideas, words or other intellectual property from other sources used in the completion of this assignment.
- You have included a proper bibliography, which includes acknowledgement of all sources used to complete this assignment.
- The assignment was completed by your own efforts. You did not collaborate with any other person for ideas or answers (with the exception of any group project)
• This is the first time you have submitted this assignment or essay (either partially or entirely) for academic evaluation.

Protocol for Contesting Graded Assignments
Upon receipt of your graded assignment should you wish to contest the grading of your assignment (outside of simple errors in the addition of marks) the following protocol must be followed:

1. Read comments provided thoroughly.
2. After 24 hours, submit an email to the course instructor detailing why your assignment warrants a review. Please be sure to provide specific examples and justification as to why you feel your grade should be reconsidered. Be sure to include a copy of your graded assignment in the email.
3. The instructor will then review the stated reasons and decide whether re-grading of the assignment is warranted.
4. Should the instructor deem that re-grading is warranted, the instructor will then ask the student whether they would like their assignment re-graded, recognizing that the student’s grade could go up or down depending on the instructors’ assessment.
5. The student can choose to either have the instructor go ahead with re-grading the entire assignment or stick with their original grade.

ACADEMIC INTEGRITY: In order to maintain a culture of academic integrity, members of the University of Waterloo community are expected to promote honesty, trust, fairness, respect and responsibility. [Check the Office of Academic Integrity for more information.]

GRIEVANCE: A student who believes that a decision affecting some aspect of his/her university life has been unfair or unreasonable may have grounds for initiating a grievance. Read Policy
70, Student Petitions and Grievances, Section 4. When in doubt, please be certain to contact the department’s administrative assistant who will provide further assistance.

**DISCIPLINE:** A student is expected to know what constitutes academic integrity to avoid committing an academic offence, and to take responsibility for his/her actions. [Check the Office of Academic Integrity for more information.] A student who is unsure whether an action constitutes an offence, or who needs help in learning how to avoid offences (e.g., plagiarism, cheating) or about “rules” for group work/collaboration should seek guidance from the course instructor, academic advisor, or the undergraduate associate dean. For information on categories of offences and types of penalties, students should refer to Policy 71, Student Discipline. For typical penalties, check Guidelines for the Assessment of Penalties.

**APPEALS:** A decision made or penalty imposed under Policy 70, Student Petitions and Grievances (other than a petition) or Policy 71, Student Discipline may be appealed if there is a ground. A student who believes he/she has a ground for an appeal should refer to Policy 72, Student Appeals.

**RESEARCH ETHICS:** Please also note that the ‘University of Waterloo requires all research conducted by its students, staff, and faculty which involves humans as participants to undergo prior ethics review and clearance through the Director, Office of Human Research and Animal Care (Office). The ethics review and clearance processes are intended to ensure that projects comply with the Office’s Guidelines for Research with Human Participants (Guidelines) as well as those of provincial and federal agencies, and that the safety, rights and welfare of participants are adequately protected. The Guidelines inform researchers about ethical issues and procedures which are of concern when conducting research with humans (e.g. confidentiality, risks and benefits, informed consent process, etc.)’ (http://www.research.uwaterloo.ca/ethics/human/).

Students in ECDEV 604 have permission to discuss their place marketing strategy with people they know who are over the age of 18. If you require academic accommodations to lessen the impact of your disability, please register with AccessAbility Services at the beginning of each academic term.

**TURNITIN.COM:** Text matching software (Turnitin®) may be used to screen assignments in this course. Turnitin® is used to verify that all materials and sources in assignments are documented. Students’ submissions are stored on a U.S. server, therefore students must be given an alternative (e.g., scaffolded assignment or annotated bibliography), if they are concerned about their privacy and/or security. Students will be given due notice, in the first
week of the term and/or at the time assignment details are provided, about arrangements and alternatives for the use of Turnitin in this course.

It is the responsibility of the student to notify the instructor if they, in the first week of term or at the time assignment details are provided, wish to submit alternate assignment.
