### ***Eligibility for UW's Master of Accounting (MAcc)***

*The School of Accountancy in the Faculty of Arts offers a Master of Accounting (MAcc) degree. This eight-month graduate portion is normally taken in consecutive Winter and Spring terms immediately following completion of the 4B term of undergraduate studies. Graduates of Honours Biotechnology/Chartered Accountancy who also satisfy the additional requirements below are eligible to enrol in MAcc studies.*

*MAcc applicants are required to meet all University of Waterloo Graduate School entry requirements, including having achieved a minimum, all-inclusive, cumulative average of 75% in their undergraduate course work. Candidates are also normally required to have attained at least a 75% average in the last two years of their undergraduate degrees. The two year average is calculated using the course grades obtained in all courses completed beginning in the 3A term and ending in the term immediately before commencement of MAcc studies.*
