

BOD Interviews

Date | Time Sat, March 28th | 2:10 - 4:30 | Location Online

Members

Executive Council:

Z. Hasan (VPI) | A. Jogoo (VPAF) |

Executive Coordinators:

K. Shaban (Speaker) |

Departmental Clubs and Societies:

Biology Undergraduate Society (BUGS) | Materials and Nanoscience Society (MNS) |

Physics Club (PhysClub) | Science and Business Students' Association (SBSA) | Earth and Environmental Undergraduate club (WATROX) |

Schedule

- ❑ Sat, March 28th
 - ❑ 2:15PM : Mehnoor (Noor) Parray
 - ❑ VPA Winter 2021 | [Mehnoor Election Platform](#)
 - ❑ The initiatives: Research seminar, undergrad scholarship and textbook library
 - ❑ Research seminar
 - ❑ develop relationships with professors and with their peers
 - ❑ Allows students to get more clarity surrounding research
 - ❑ Also some professors look for volunteers and students wants positions
 - ❑ Textbook Library
 - ❑ Need to advertise this more and this would be a great resource for students that are in need financially
 - ❑ Setting up a sign in signout system would expand the textbook library capabilities
 - ❑ Scholarship
 - ❑ This would be good to help the more financially in need
 - ❑ Questions?
 - ❑ VPI: We have issues with academic event engagement, how would you solve that?

- ❑ Raising awareness and advertising on social media
 - ❑ Expanding general advertisement would help greatly
 - ❑ SBSA: How will you target people that actually need the scholarship?
 - ❑ There would be a more detailed procedure. Something like OSAP has requirements and details to make sure people that need it get it
 - ❑ SBSA: How are we planning to fund this?
 - ❑ Using the undergrad office and scisoc is being looked at
 - ❑ VPFA: Do you have any ideas about workshops that we could run?
 - ❑ Skill development workshops and career developments
 - ❑ VPI: Is there a reason that you are only running for the winter term?
 - ❑ I am not opposed to the fall term at all, I would just prefer the winter term
 - ❑ Are you going to be in the coop in winter?
 - ❑ Switching out so she would not be in coop
 - ❑ Speaker: What's your favourite memory?
 - ❑ Generally just thought that scisoc was a wonderful environment to be in and a great place to meet new people
- ❑ Comments?
 - ❑ SBSA: She seems well prepared. I wanted to see if she had done more research on the scholarship and she seemed passionate about that
 - ❑ For engagement she really just mentioned things that were already being used as it was a general answer but it's something we cannot penalize her
 - ❑ VPI: Have worked with her in the past and she is a very hard worker.
 - ❑ MNS: I think with such a big idea like a scholarship should have more research done on her part. She is also just using past ideas that have already been utilized for something like engagement

- ❑ BUGS: For the scholarship we don't really know about where the money is going to come from. Plus, there are already scholarships and bursaries within Ira Needles hall that are never claimed.
