Subject: Review of Graduate Studies at the University of Waterloo

Date: September 18, 2002

Attached is a copy of Adel Sedra's anticipated report on Graduate Studies.

I would ask that you bring this report to the attention of your respective Councils for discussion and advice on how UW might best address the recommendations.

Professor Sedra's report will also go to Senate for discussion. It would be useful, however, if Senate's discussion were informed by the wisdom of the Councils'.
