# Memo

DATE: June 1, 2023

TO: Vivek Goel, President & Vice-Chancellor

FROM: Catherine Newell Kelly, Registrar  
Jeff Casello, Associate Vice-President, Graduate Studies and Postdoctoral Affairs

SUBJECT: **Additions and Changes to the Fall 2022 Conferment of Degrees Listings**

---

Attached is a listing of revisions to the list of degree candidates approved by Senate at the October 2022 meeting. The information includes the processing date of the request, and the rationale for the late or amended confirmation of degree requirements.

The rationale of "*student request*" refers to a late request initiated by the student where either the application to graduate was received after the deadline or there were additional faculty approvals required for the requested credentials. The rationale of "*department request*" refers to a late request initiated by the department which was submitted after the original degree requirement confirmation from the department/faculty was approved and this occurred after the deadline.
