St. Jerome's University opened its doors in 1865 and has been a founding federated partner with the University of Waterloo since 1960. Since its inception, St. Jerome's University has educated our students through rigorous academic study and critical inquiry to become informed, courageous citizens with the humility to work together for the common good and the courage to lead by example to build a more just society.

What makes us unique at the University of Waterloo?

As an Honours Arts or Honours Arts and Business student, over half of all first- and second-year courses have fewer than 30 students. Our individualized wellness, stepped-care, wrap-around approach to mental health and student advising makes St. Jerome's a unique place to study and live at the University of Waterloo.

Get the best of both worlds – a world-class degree from the University of Waterloo with small class sizes, generous entrance scholarships and a place to find and build your community.

CO-REGISTER AT ST. JEROME'S

At St. Jerome's University, we steward each student's unique talents, nurture their ability to think critically and inspire them to become lifelong learners who seek knowledge and truth, act with compassion and advocate for human dignity for all. Co-registration means you get the experience of a small university community combined with a University of Waterloo degree and all the benefits of a world-renowned university.

LIVE AT ST. JEROME'S

St. Jerome's Residence is one of the most centrally located residence buildings at the University of Waterloo. Just steps from Campus Wellness and Health Services and directly across from the Student Life Centre, our convenient location is one of the many reasons Waterloo students from all six faculties choose to live at St. Jerome's.

GEN (SHE/HER, THEY/THEM), HONOURS ARTS, SEXUALITIES, RELATIONSHIPS AND FAMILIES

“I decided to study at St. Jerome’s because of the Sexualities, Relationships and Families program. It is the only program of its kind in Canada and offers diverse opportunities through counselling and human services specializations. St. Jerome’s is a unique place to learn because of the small class sizes. My professors know me, and my classes always have familiar faces. DEGREE REQUIREMENTS

HONOURS ARTS AND HONOURS ARTS AND BUSINESS

HOW AN ARTS DEGREE WORKS

MAJOR

Choose at least one Honours major as your focus – or choose two to complete a double major. See page 11 for majors. You may also complete a topic specialization or intensive specialization, which involves taking four to six courses that deepen your knowledge in a specific area of your major.

As a co-registered student at St. Jerome’s you are eligible to take courses on the Waterloo campus, St. Jerome’s campus or any of the other three University Colleges.

REMAINING COURSES

The number of courses you’ll have for a minor or electives depends on how many of your major, business and breadth courses overlap.

> Take eight courses in one area to complete a minor. Pursuing a minor (or two) is optional and counts toward your 40 degree courses. See page 11 for minors.

> Choose elective courses outside your major or minor to enhance your learning and build your unique degree. Electives count toward your 40 degree courses.

> The breadth requirement is made up of 10 required courses that ensure a well-rounded degree. Depending on the subjects you choose, these courses may count toward your major or minor.

BUSINESS COURSES

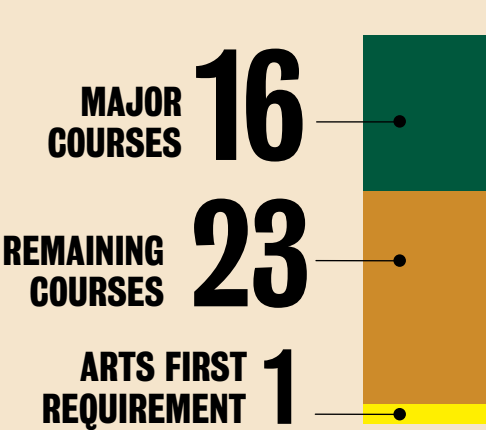

Choosing Honours Arts and Business? You’ll learn how to be an integral part of any successful organization by taking 14 required courses. See page 11 for the full list.

ARTS FIRST REQUIREMENT

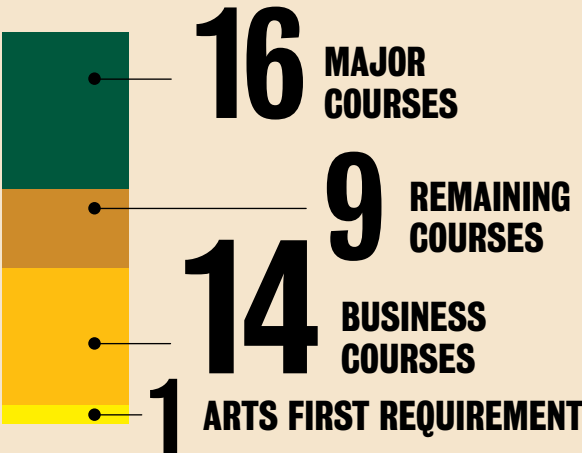

With an Arts First course, you’ll find yourself immersed in group exercises and meaningful discussions. Your Arts First course will have an engaging topic that will get you into the university mindset.

Are you feeling called to make a difference in your local community? Are you interested in engaging your sense of compassion, responsibility and understanding beyond campus borders?

Service-learning gives you immersive opportunities to understand the challenges impacting communities - and discover your role in creating solutions.

**RENEE (SHE/HER),
ALUMNUS (BA '25)**

"The service-learning program Beyond Borders in Peru allowed me to grow as a global citizen. Now that I have graduated, I have dreams of working abroad, so this was the perfect

opportunity to experience living and working internationally. This experience challenged my independence and gave me the confidence to pursue my call to work in the service of others globally."

SJU IN PERU

SJU in Peru is an international service-learning program where you can broaden your horizons and understand global, environmental, socio-economic, political and cultural issues through experiences within various communities in Peru. You will learn from and work side-by-side with multiple partners in Lima and a coffee co-operative - Café Femenino - in Chiclayo. Participants will be exposed to consumption and waste patterns, the disparity between the global north and south, the foundations of social justice issues and work, gender inequalities and the exploitative arrangements built into the marketplace.

Meet Bo X (Bill), Emily, Yasmeen, and Kate, travelling as part of SJU in Peru 2015.

SJU ACTS

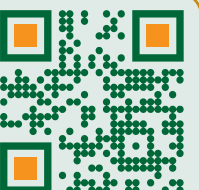

SJU Acts is a local service-learning opportunity that connects you to our community partners (St. John's Kitchen and Tiny Home Takeout) through weekly volunteering opportunities in the Fall and Winter terms.

Become a compassionate and courageous leader in service to others. Get outside of your comfort zone and gain greater insight into the issues facing people experiencing homelessness, substance use and mental health challenges within our local community. You will learn from long-time volunteers and develop skills in working with vulnerable populations in complex environments while learning more about the community and sharing your time and talents.

Acknowledgement of Traditional Territory

We acknowledge, with respect, that St. Jerome's University and the University of Waterloo reside and operate on the traditional territory of the Attawandaron, Anishinaabeg, and Haudenosaunee peoples. Our University is situated on the Haldimand Tract, the land Frederick Haldimand granted to the Haudenosaunee of the Six Nations of the Grand River in 1784 that includes 10 kilometers on both sides of the Grand River and extends from its source to Lake Erie.

We give thanks for the privilege to work and live on this land, and we are committed to building respectful relationships with Indigenous people and communities, to enhance our knowledge, and learn how we can have an active role in reconciliation.
