

# Actuarial Science Honours Plan

## 2023-2024 calendar

These sheets were created to help you plan your courses, not to provide an official list of your graduation requirements. It is ultimately your responsibility to ensure you meet your graduation requirements which are officially listed in the undergraduate calendar. For example, a mistake on this sheet cannot be used as a reason to graduate without meeting official requirements. See: <https://ugradcalendar.uwaterloo.ca/page/MATH-Actuarial-Science>
