President’s Research Award - $1,500

This award is available to eligible full-time undergraduate students who were recipients of the President's Scholarship of Distinction in first year and who completed Year One with a cumulative average of at least 80%. Students who are pursuing a full- or part-time on-campus research experience, under the supervision of a University of Waterloo researcher, may apply to claim this $1,500 award.

Eligibility criteria

- You must have received the President’s Scholarship of Distinction in Year One.
- You must have completed Year One with a minimum cumulative average of 80%.
- You must be a continuing full-time undergraduate student registered with the University of Waterloo.
- The position must be under the supervision of a University of Waterloo researcher.
- The research experience may be a part-time position during a full-time study term, or a full-time co-op placement term, or a full-time summer term and it must be undertaken at a University of Waterloo research location.
- The experience must be of suitable duration, and supported by clear objectives, to warrant receiving the award. The award will be given either to supplement or in lieu of salary, as appropriate based on the time commitment and based on Faculty guidelines related to research opportunities.
- If pursuing a full-time/full-term research experience, you remain eligible to receive additional salary if applicable (e.g. departmental research funds, undergraduate research internship program, Work Placement program, etc.). Any additional salary must be authorized by the supervisor and/or Department.
- Research undertaken as part of course requirements is not eligible for the purpose of this award.
