

conducting survey research?

don't monkey around.

GET ACCURATE, MEANINGFUL RESULTS

Take advantage of our survey research expertise. At the **Survey Research Centre**, we'll ensure the data you collect are valid, reliable and useful.

- » determine the most effective sample size and survey methods
- » craft crystal-clear questions
- » structure your survey to reduce bias
- » collect the highest-quality data
- » maximize your response rate
- » meet rigorous standards for academic publication

Serving the University of Waterloo community since 1999, the Survey Research Centre offers everything from a simple consultation to a complete package of design, data collection and top-line analysis — all at a cost-recovery price. We provide telephone call centre services, online survey hosting, mail survey and face-to-face interviewing services.

To draw the right conclusions, you need the best data.
