

# GREEN LABS 101

**PARTICIPATING IN THE GREEN LABS PROGRAM IS AN OPPORTUNITY TO HAVE FUN AND MAKE AN IMPACT WHILE LEARNING NEW SKILLS AND BUILDING NEW RELATIONSHIPS.**

The Green Labs program empowers participants with tools, knowledge, and peer learning to encourage sustainable behaviours and practices while maintaining high quality teaching and research spaces. It recognizes departments for their efforts and achievements through a common scorecard, and opens opportunity for creativity, collaboration, and change.

## AMBASSADOR

Join the Green Labs ambassador network to gain peer-to-peer support.

Access a shared toolkit and templates for your lab.

## CHECK

Sustainability staff will help you get started.

Complete a walk-through to understand your lab's baseline.

Build management support for participation.

## PLEDGE

Launch the pledge to kick off the program in your department and build support among colleagues.

## ACTION

Use the Green Labs scorecard to guide your actions. The scorecard has some easy wins, and some interesting challenges!

## CERTIFICATION

Get recognized for your efforts annually with a Green Labs certification.

Showcase your successes to your peers!
