Describe your skills and experience and why you think you are a good fit for the position.

Having moved to New York from India four years ago for work and then leaving behind everything to move again to a new country for furthering my education in Waterloo, I understand the challenges of adapting to a new culture all by yourself. If given a chance, I would like to leverage the position of SYDE-GSA President to help International Students in this struggle (or journey). I am also a big advocate for bettering student mental health! I would love to be able to (with all of your help and ideas) at least try creating a positive momentum towards improving the overall mental health of SYDE students. One of my primary goals for the tenure will be to create a strong-knit SYDE student community that helps each other grow together during their incredible yet demanding journey here in uWaterloo.

Apart from that, working in the corporate sector for the past five years has polished my interpersonal skills, leading me to have strong communication and social skills. Furthermore, I have been in multiple leadership positions in the past, such as Captain of Formula Hybrid team, Head of Programs - International Society of Automation (VIT, India Chapter), and Innovation Lead, Johnson Controls - North America - East. These experiences would act as solid foundations for taking on the role of President, SYDE-GSA, and would help me succeed in the position.
